SABINA

FINBAR IS WESTERN AUSTRALIA'S LARGEST AND MOST TRUSTED RESIDENTIAL APARTMENT DEVELOPER.

Since its establishment in 1995, Finbar has completed over 5,600 units and proudly continues to shape the landscape and lifestyle of Western Australia. Affiliating with equity partners and landowners enables Finbar to leverage on the growth associated with larger development projects, allowing greater economies of scale while spreading project risk.

CHAIRMAN'S REPORT

Dear Shareholder

It is a great honour that I present you with Finbar's 34th Annual Report and to announce the Company's 22nd year of consecutive profit.

Finbar has delivered an operating profit of \$15.3 million and an after tax net profit of \$13.76 million for the financial year ending 30th June 2018, representing a 170 percent increase in profits over the previous financial year.

We are pleased to report these improved results following several years of subdued market conditions – the most challenging in the Company's history – whilst continuing to maintain our position as the leading apartment developer in Western Australia with an impressive 5,687 completed lots to date.

It is the prudent efforts by management that has seen Finbar retain a strong cash position of \$57.75 million, a significant \$1.78 billion development pipeline and the enviable position of being debt free on all completed stock.

The ability to commence construction on Reva, Vue Tower, Palmyra Apartments and Sabina in the past financial year bolsters future revenue streams and confirms Finbar's ability to effectively operate within an environment that is in recovery but continues to require the careful strategic implementation of the Company's resources.

Finbar's long history and extensive experience in its core business activity of apartment development in metropolitan Perth enables us to receive and respond to comprehensive market feedback which fundamentally drives our design and marketing processes. This coupled with our organisational agility ensures Finbar continues to deliver product that meets and exceeds market demand and expectations.

We have witnessed several major shifts in the apartment market in recent years. Firstly, we are seeing an increased number of West Australians choosing apartments as their primary housing option. Secondly, this change is reflected in the renewed activity in the current property market which is largely comprised of two distinct demographic segments – first home buyers and the mature downsizer.

This increase in the owner occupier market has seen a shift in our business model. We now have two very distinct, equally sized product groups – off-the-plan apartments and completed apartment stock.

Finbar's ability to quickly adapt and respond to these key trends has been pivotal in the Company's overall approach in obtaining and refining statutory approvals, effective marketing positioning and, as a result, our continued success.

The best example of this is the highly-successful first stage of the Palmyra Apartment Estate project. The ability to provide effective price points on low-rise product while maintaining extensive lifestyle amenity, was rewarded with a 58 percent first home buyer purchaser profile. This led us to re-vision our second stage Maylands project, One Kennedy, with a similar high amenity, low-rise product which we expect to launch in the second quarter of FY19.

In relation to the mature downsizer demographic, the first stage of our Applecross development, Sabina Apartments, has achieved strong market acceptance with 64 percent of purchasers over the age of 40, seeking well-located, larger apartment product.

Further evidence of this trend can be seen with our luxury, riverside development Reva in South Perth already achieving over 80 percent in presales.

The recent successful capital raising of which has been used to commence two major projects has given the company the ability to lock in additional profits over the next 18 months while other developers continue to negatively suffer from development funding risk that either precludes them from commencing construction or sees their activities impacted through a greater reliance on second tier lenders and mezzanine funding arrangements.

With the Perth apartment market in an early recovery stage, Finbar is in a privileged position with significant numbers of off-the-plan and completed product continuing to achieve positive sales traction and a strong development pipeline of \$1.78 billion in approved projects and additional well-located sites in inner city amenity locations.

Looking to the future, the fundamental economic improvements that are being observed in Western Australia within the resources sector, the related significant investment activity, and continuing state government policy focus on infill development, provides encouraging signals that the Company's strategic positioning is well placed for future growth.

In recognition of the Company's improved position, we are pleased to be able to deliver continuing value to our shareholders with a total dividend payment for the financial year of six cents per share, fully franked.

On behalf of the Board of Directors and Shareholders, I would like to thank the Finbar management team for their continued hard work and dedication to the Company.

Finally, I thank Finbar's joint venture partners, primary building contractor – Hanssen, relationship architect – SS Chang Architects, marketing agents, suppliers, consultants and banking partners.

MANAGING DIRECTOR'S REPORT

The improved results from the last financial year reflect a general steady improvement in the wider Western Australian economy and is evidence of the Perth property market entering a recovery phase with the gradual return of buyer confidence to our primary sector.

With large-scale investments initiated in the resources sector in 2018 and large government transport infrastructure projects, key indicators show a slowly improving labour market and real estate sales activity improving.

The property market is showing stronger demand in certain markets, price points, locations and purchaser demographics, so the company has carefully identified and quickly responded to the underlying strengths that are driving positive momentum and results. These responses include the fine tuning of project design to meet the changing design needs or price 'sweet spots' at any given time. The company's corporate agility shines through in these conditions.

Sales in both off-the-plan and completed stock clearly represent this with the daily sales rate improving 75 percent and the value of these sales improving 23 percent on FY17. These numbers are of course off a low base experienced since the market downturn, however it is a key indicator that the market has stabilised, and we are starting to experience a recovery cycle.

Operating within a market that is in a recovery phase and is still a market that is attracted to completed stock for immediate occupation, it is necessary for the company to ensure it maintains a strong cash position supplemented from cash flow from the sale of completed stock to fund the continuity of construction commencements and completions ahead of the time we would traditionally commence in a more normalised market. To this point the company ended FY18 with a robust cash position of \$57.5 million bolstered by a \$35.35 million capital raising and share placement which occurred in April 2018.

As committed during the raising, the funds raised were immediately deployed into the construction commencement for Sabina Apartments and Palmyra Apartments Estates East developments, with Palmyra likely to contribute to profits as early as FY19 and Sabina in FY20.

With the cashflow received from our two major project completions this year, Aire and Aurelia, Finbar repaid \$149.5 million in debt comprising \$143.5 million associated with project facilities for completed projects and reducing the facilities for both retained investment properties, Fairlanes, East Perth and Pelago, Karratha, by \$6 million.

FY18 saw a further \$2 million after tax impairment in the value of Fairlanes, however no further impairments of Pelago were experienced, as the Karratha economy shows positive signs of improvement supported by increased activity in the resource sector one more.

The Company held \$130.4million in completed stock at the end of the reporting period of which \$67.4million is directly attributable to Finbar and is being sold down at a six-month average of \$7.35 million per month. This revenue stream will continue to supplement our cash for redeployment into the ongoing release of value from the \$1.78 billion development pipeline, \$574 million of which has statutory approvals and is available to be launched into the market during the recovery.

In terms of Finbar's earnings in FY18, as forecast, the biggest contributors were profits from completion and settlements in the Aire and Aurelia projects. Combined, the two developments provided settlements of 258 lots during the reporting period with the completed development stock representing an end value of \$240.6 million. In addition, the ongoing marketing and disposal of FY17 completed apartments across Concerto, Linq, Motive and Unison on Tenth bolstered cash flows with only a small amount of residual product remaining in several projects.

This performance delivered a profit after tax of \$13.76 million. Significantly, this result represents a 170 percent increase in profits over FY17, the Company's 23rd year as a property developer and its 22nd consecutive year of profit.

Reflecting Finbar's improved performance, the Directors resolved to maintain a final dividend of three cents per share fully franked that brings the total fully franked dividend for FY18 to six cents per share.

Looking forward, we are pleased to report that Reva in South Perth and Vue Tower in East Perth have now been joined by Palmyra Apartments Estates and Sabina Apartments as projects under construction. These commencements bring the total number of apartments currently under construction to 608 lots. This is the largest number under construction since the State economic downturn and have a combined estimated sales value of approximately \$369 million which will flow through to profits over the next 18 months.

The company and its primary building contractor are currently working hard to bring Reva, Vue Tower, and Palmyra completion into FY19 and the Directors are cautiously optimistic that the revenue from the settlement of sold lots for these three projects will come into the second half of the 2019 financial year.

THIS PERFORMANCE DELIVERED A PROFIT AFTER TAX OF \$13.76 MILLION. SIGNIFICANTLY, THIS RESULT REPRESENTS A 170 PERCENT INCREASE IN PROFITS OVER FY17, THE COMPANY'S 23RD YEAR AS A PROPERTY DEVELOPER AND ITS 22ND CONSECUTIVE YEAR OF PROFIT.

The key underlying drivers for our future growth in profits are expected to remain the growing owner-occupier market segments that are responding to changing housing needs and lifestyle changes, along with buyers wanting a more affordable way to live in close proximity to both work and amenity precincts.

The investor market, while only showing limited signs of improvement, continues to provide additional sales support for required development funding pre-commitments. It is the material increase in activity from this sector of the market that will have the largest impact in off-the-plan sales, and in turn an increase in projects under construction, once more investor confidence returns to the property market.

Within the broader context of the moderating eastern states property markets, Western Australia is comparatively well-positioned in what appears to be an historically recognised as distinctly different property markets that are very rarely synchronised.

Operating across a range of inner metropolitan areas that offer locational and lifestyle points of difference, Finbar has the proven ability to establish benchmark new product that fundamentally performs successfully within both the off-the-plan and established markets. The company's ability to adapt quickly in response to changing market conditions will see the Company continuing to explore different product streams aligned with our business specialty that will gain traction in current and future market.

The anticipated continued improvement in the economy, coupled with Finbar's substantial development pipeline and robust operational capacity to leverage core development activity, will see the Company continue to grow market share and differentiate itself as the leading apartment developer in Western Australia in respect to both market share of sales and project completions.

Finally, in acknowledging the continued efforts of our dedicated team of management and staff, I would also like to extend the Company's gratitude to our clients who put their trust in us, and the building contractors, architects, consultants, financiers and joint venture partners who through their support and endeavours allow us to transform the lives of hundreds of new apartment residents each year.

DARREN PATEMAN
Managing Director

KEY FINANCIAL METRICS

SOURCE OF EARNINGS

FULLY FRANKED DIVIDEND PER YEAR (CENTS)

NET PROFIT AFTER TAX

\$MILLION

Finbar's Net Profit After Tax increase to **\$13.8 MILLION** was underpinned by a stabilisation in the Western Australian housing market enabling a continued reduction in our completed stock and the completion and settlement of the two key developments for FY2018, Aurelia and Aire West Perth.

EARNINGS PER SHARE

\$

Finbar's EPS increased by **200%** to **\$0.06**

ENTERPRISE VALUE

\$MILLION

Finbar's Enterprise Value was down by **2.2%** to **\$252.7 MILLION**.

PRESALES

\$MILLION

The reduction in Presales for FY2018 to **\$194.1 MILLION** was largely due to the settlement of **\$142.2 MILLION** worth of apartments at Aurelia and Aire West Perth. With the launch of three developments during the second half of FY2018 Finbar expects Presales to continue to strengthen throughout FY2019.

PROJECT PIPELINE

\$BILLION

Finbar maintains a robust Project Pipeline of **\$1.8 BILLION** to ensure that the company can capitalise on changing market conditions and bring new product to the market as quickly and efficiently as possible to maximise shareholder returns.

TOTAL DEVELOPED UNITS

UNITS

Total Developed Units reached **5,687** by the end of FY2018 with the addition of **382** units from the completion of Aurelia and Aire West Perth. Finbar continues to position itself as the largest residential apartment developer in Western Australia.

FINBAR OVERVIEW

Looking out across the Perth CBD Skyline it's hard not to notice the unmistakable footprint of Finbar. Since our beginnings in 1995, our vision has been to develop better lifestyles - a philosophy that has seen us raise apartment development standards to new heights.

Entity Type	Fully Owned Subsidiary
Finbar's Ultimate Interest	50%
Estimated Completion	TBC
Total Lots	123
Approximate Total Project Sales Value	\$52.2m

Images are artist impressions only and are subject to change.

One Kennedy is the second stage of the Maylands project and comprises 120 one, two, and three bedroom residential three-storey walk-up apartments and three commercial lots. One Kennedy will capitalise on its proximity to public transport, located only 200 metres from Maylands railway station, and connecting directly to the Central Business District 4.5 kilometres away.

61 WAVERLEY STREET

1 MENDS STREET

61 WAVERLEY STREET

36 Chester Avenue, Dianella

Project Company	36 Chester Avenue Pty Ltd
Entity Type	Equity Accounted Investee
Finbar's Ultimate Interest	50%
Estimated Completion	TBC
Total Lots	165
Approximate Total Project Sales Value	\$66m

Images are artist impressions only and are subject to change.

61 Waverley Street received development approval in April 2018 for 165 lots over a seven storey development consisting of one, two, and three bedroom apartments. A concept for a three-storey walkup design is being worked up for internal consideration. A relaunch for this project is expected in FY19.

1 MENDS STREET

99 Mill Point Road, South Perth

Project Company	1 Mends Street Pty Ltd
Entity Type	Fully Owned Subsidiary
Finbar's Ultimate Interest	50%
Estimated Completion	TBC
Total Lots	TBC
Approximate Total Project Sales Value	\$300m

1 Mends Street site is a 8,224 square metre site bounded by Mends Street, Labouchere Road, and Mill Point Road South Perth. The Company has lodged a request to initiate a scheme amendment with the City of South Perth in order to create a new special control area for the land. The City resolved to proceed with the scheme amendment assessment and approval process, and the scheme amendment is estimated to be gazetted in early 2019. DA plans are being prepared that would see approximately 320 units and 2,750sqm of commercial tenancies with a food and beverage focus.

PALMYRA STAGE 2

43 McGregor Road, Palmyra

Project Company	43 McGregor Road Pty Ltd
Entity Type	Fully Owned Subsidiary
Finbar's Ultimate Interest	50%
Estimated Completion	TBC
Total Lots	132
Approximate Total Project Sales Value	\$52m

Images are artist impressions only and are subject to change.

Palmyra Stage 2 will commence to coincide with the completion of Stage 1 and will consist of approximately 130 apartments comprised of one, two, and three bedroom apartments in a walk-up low-rise structure with below ground parking over 12,689 square metres and has an anticipated end value of approximately \$52 million. Both stages of the project are aligned with the Company's strategy of providing entry level product in prime locations to appeal to the younger owner-occupier and broader investor market.

239 GREAT EASTERN HIGHWAY

239 GREAT EASTERN HIGHWAY

239 Great Eastern Highway, Belmont

Project Company	239 Great Eastern Highway Pty Ltd
Entity Type	Fully Owned Subsidiary
Finbar's Ultimate Interest	100%
Estimated Completion	TBC
Total Lots	TBC
Approximate Total Project Sales Value	\$50m

The 239 Great Eastern Highway project is currently being redesigned to facilitate changes for relaunch into the company's new affordable housing product.

**CANNING HWY APPLECROSS
STAGE 2**

CANNING HWY APPLECROSS - STAGE 2

912 Canning Highway, Applecross

Project Company	Finbar Applecross Pty Ltd
Entity Type	Fully Owned Subsidiary
Finbar's Ultimate Interest	50%
Estimated Completion	TBC
Total Lots	154
Approximate Total Project Sales Value	\$103.3m

Images are artist impressions only and are subject to change.

Located only metres from the Swan River and approximately 600 metres to the Canning Bridge Train Station and proposed new bus station, this 2,620sqm site fronting Canning Highway received DA approval in April 2017 as the second of 3 stages comprising 151 residential apartments and 3 ground floor commercial tenancies within a podium and 26 storey tower built form.

**THE
POINT**

THE POINT

31 Rowe Avenue, Rivervale

Project Company	31 Rowe Avenue Pty Ltd
Entity Type	Fully Owned Subsidiary
Finbar's Ultimate Interest	50%
Estimated Completion	TBC
Total Lots	192
Approximate Total Project Sales Value	\$90m

Images are artist impressions only and are subject to change.

The Point development is located 200 metres from Finbar's highly successful Spring View Towers project and 350 metres from Finbar's Arbor projects. The development is located on a 4,000 square metre site situated on the corners of Brighton Road, Rowe Avenue, and Great Eastern Highway in the Springs precinct in Rivervale. The Point will comprise of 183 one, two, and three bedroom apartments and 9 commercial lots on the ground floor and will be situated at the main entrance to the Springs precinct, opposite the recently opened Aloft Hotel.

DIRECTORS' REPORT (continued)

For the Year Ended 30 June 2018

1 Directors

The Directors of the Company at any time during or since the end of the financial year are:

Executive Director and Chairman

John CHAN - BSc, MBA, MAICD

Director since 27 April 1995
Chairman since 15 July 2010

John Chan is Executive Director and Chairman of Finbar, and a Director of its Subsidiaries and equity accounted investees.

John was appointed director in 1995 and was instrumental in re-listing Finbar on the ASX as a property development company. Prior to joining Finbar, John headed several property and manufacturing companies both in Australia and overseas.

John holds a Bachelor of Science from Monash University in Melbourne and a Master of Business Administration from the University of Queensland. John is a Member of the Australian Institute of Company Directors, is a Trustee for the Western Australian Chinese Chamber of Commerce, and is a former Senate Member of Murdoch University.

Managing Director

Darren John PATEMAN - EMBA, GradDipACG, ACSA,
AGIA, MAICD, AFAIM

Director since 6 November 2008
Managing Director since 15 July 2010

Darren Pateman is the Managing Director of Finbar and a Director of Finbar's Subsidiaries and equity accounted investees.

Darren commenced with Finbar prior to its relisting on the ASX as a property development company in 1995 and in this time has played a primary role in developing Finbar's systems, strategy and culture.

Darren has held several positions in his 23 years with the company which has given Darren an intimate knowledge of the key aspects of Finbar's business. Darren was formerly Company Secretary from 1996 to 2010, Chief Executive Officer from 2008 to 2010, and was appointed Managing Director on 15 July 2010.

Darren is a Chartered Secretary and holds an Executive Master of Business Administration from the University of Western Australia and a Graduate Diploma in Applied Corporate Governance (GradDipACG). Darren is an Associate of the Institute of Chartered Secretaries and Administrators, a Member of the Australian Institute of Company Directors and an Associate Fellow of the Australian Institute of Management.

Executive Director and Chief Operations Officer

Ronald CHAN

Director since 24 February 2017

Ronald Chan is the Chief Operations Officer of Finbar and a Director of Finbar's Subsidiaries and equity accounted investees.

Ronald joined the Board as an Executive Director on 24 February 2017. Ronald brings 14 years of experience in Finbar's Company operations where he has worked in several roles in the organisation including marketing, contract administration, and in 2013 was appointed Chief Operations Officer. In this role Ronald has gained an intimate understanding of the Company's relationships and systems and managed the Company's transition to digital and online marketing strategies.

Non-executive Director

Kee Kong LOH - B Acc, CPA

Director since 28 April 1993

Kee Kong Loh joined the Board in April 1993 and has substantial experience in the governance of companies in property development, marine transportation, and electronics manufacturing sectors. He has a degree in accountancy from the University of Singapore and is a member of the Institute of Certified Public Accountants of Singapore.

Loh is a director of PCI Limited (Singapore) which is a publicly listed company in Singapore, where he is a resident.

Non-executive Director

Yuun Yean TENG - B Comm, FCPA

Director since 17 December 2015 to 24 April 2018

Yuun Yean Teng joined the Board on 17 December 2015. Yean joined Chuan Hup Holdings Limited, an investment holding company, as Head of Risk Management on 1 July 2010, she has been its Group Chief Financial Officer since 2015.

Yean has accumulated over 20 years experience in accounting, finance, tax, risk management, in addition to auditing and management consulting.

Yean graduated with a Bachelor of Commerce degree from the University of Western Australia.

DIRECTORS' REPORT (continued)

For the Year Ended 30 June 2018

1 Directors (continued)

Non-executive Director

Terence Siong Woon PEH - B.Comm, M.Comm

Director since 24 April 2018

Terence Peh joined the Board on 24 April 2018. Terence is Chief Executive Officer and Executive Director of Chuan Hup Holdings Limited, an investment company listed on the Singapore Stock Exchange, and Finbar's largest corporate shareholder. Terence is also the Executive Vice Chairman of PCI Limited, an electronics manufacturing services company listed on the Singapore Stock Exchange and a Director of Pacific Star Development Limited, and Asian-focussed property developer listed on the Singapore Stock Exchange.

Terence has over 18 years' experience in property development investment and project management in the Asia Pacific region, and has extensive financial management experience in the marine and electronics manufacturing and services industry.

Terence obtained his Bachelor of Commerce in Marketing from Curtin University and a Master of Commerce in Finance from the University of New South Wales.

Non-executive (Independent) Director

Lee VERIOS - LLB, MAICD

Director since 6 December 2011

Lee Verios joined the Board in December 2011. He is a well credentialed commercial lawyer having practised in Western Australia for over 40 years.

Until his retirement from practising law in 2012, Lee was partner in the international law firm of Norton Rose and the leader of their Commercial Property division in Perth. Throughout his legal career, Lee has held senior management roles in each of the firms of which he has been a member.

In addition to his legal practice, Lee is an experienced company director, having held positions in a variety of public and private enterprises. He has been a director of privately owned investment company Wyllie Group Pty Ltd since July 2004.

Lee is a member of the Australian Institute of Company Directors, the Law Society of WA and was previously Chairman of the Australian Indonesian Business Council (WA Branch).

2 Company Secretary

The Company Secretary of the Company at any time during or since the end of the financial year is:

Edward Guy BANK - B Bus, ASCPA

Company Secretary since 2 December 2016

Edward Bank is the Company Secretary of Finbar, and of Finbar's Subsidiaries and equity accounted investees. Ed is a Certified Practising Accountant with 26 years experience in private practice including 8 years as the Company's external accountant. Ed joined the Company in 2005 in the capacity of Chief Financial Officer.

Ed continues to hold the position of Chief Financial Officer.

3 Director's Meetings

The number of Directors' meetings attended by each of the Directors of the Company, whilst being a Director, during the financial year are:

Director	Board Meetings Held	Board Meetings Attended	Resolutions Without Meetings	Audit Committee Meetings Held	Audit Committee Meetings Attended	Remuneration Committee Meetings Held	Remuneration Committee Meetings Attended
John CHAN	5	5	3	N/A	N/A	2	2

Terence PEH	1	1	0	0	0	0	0

DIRECTORS' REPORT (continued)

For the Year Ended 30 June 2018

4 Corporate Governance Statement

The Board ('Board') of Finbar Group Limited ('Finbar' or 'the Company'), its subsidiaries and equity accounted investees (collectively the Group) is committed to maintaining a high standard of corporate governance in the conduct of the organisation's business in order to create and deliver value to shareholders. In this regard, Finbar has established a corporate governance framework, including corporate governance policies and charters to assist in this commitment. A copy of these policies and charters are available from the governance page of Finbar's website, www.finbar.com.au and are referenced throughout this document where relevant.

The framework is reviewed and revised in response to changes to law, developments in corporate governance best practice and changes to the Finbar business environment.

As a listed entity, Finbar is required to comply with Australian laws including the Corporations Act 2001 (Cth) and the Australian Securities Exchange Listing Rules, and to report against the ASX Corporate Governance Council's Principles and Recommendations.

In March 2014, the ASX Corporate Governance Council released its third edition of the ASX Principles, which included the requirement for listed entities to provide an Appendix 4G - Key to Disclosures Corporate Governance Council Principles and Recommendations. The Board considers that it has complied with its obligations under the ASX Principles during the period and this Corporate Governance Statement reports on the organisations approach to Corporate Governance.

4.1 Board of Directors

Role of the Board

The Board Charter sets out the Board's role, powers and duties, and establishes the functions reserved for the Board and those which are delegated to the management. The Board's primary role is the protection and enhancement of long-term shareholder value. To fulfil this role, the Board is responsible for the overall corporate governance of the Group.

The Board has delegated responsibility for the operation and administration of the Group to the Executive Chairman, the Managing Director and Senior Executives.

Composition of Board

The Board recognises the importance of ensuring that Directors are free from interests and relationships that could, or could reasonably be perceived to materially interfere with the Director's ability to exercise independent judgement and act in the Group's best interests.

Accordingly, the Board has adopted guidelines, set out in the Board Charter, which are used to determine the independence of the Directors.

Directors must keep the Board advised, on an ongoing basis, of any interest that could potentially conflict with those of the Group. Where the Board believes that a significant conflict exists for a Director on a Board matter, the Director concerned will be restricted from receiving materials, discussing or voting on the matter.

Details of each of the non-executive Directors (Independent) are set out in the Directors Report (page 30 and 31).

4.2 Remuneration Committee

The Remuneration Committee Charter sets out the Remuneration Committee's role, powers and duties, and establishes the functions delegated to the Committee by the Board. The Remuneration Committee reviews and makes recommendations to the Board on remuneration packages and policies applicable to the Executive Officers and Directors themselves of the Company and of other Group Executives. It is also responsible for share option schemes, incentive performance packages, superannuation entitlements, retirement and termination entitlements, fringe benefits policies and professional indemnity and liability insurance policies.

The following directors serve on the Remuneration Committee:

- > Kee Kong LOH (Chairman) - Non-executive Director
- > John CHAN - Executive Director and Chairman
- > Lee VERIOS - Non-executive Independent Director
- > Yuun Yean TENG - Non-executive Director (Up to 24 April 2018)
- > Terence PEH - Non-executive Director (From 24 April 2018)

The Remuneration Committee Charter sets out the process for the periodical evaluation of the performance of the Executive Chairman and Managing Director. These evaluations have been conducted during the period.

The Remuneration Committee Charters sets out the process for the periodical evaluation of the performance of the Senior Executives. The Remuneration Committee in consultation with the Executive Chairman and Managing Director are responsible for the periodical evaluation of the performance of the Senior Executives. These evaluations have been conducted during the period.

Finbar has a written agreement, either in the form of an employment contract or letter of employment, with each Executive Director and Senior Executive which sets out the terms of their appointment.

A copy of the Remuneration Committee Charter is available on Finbar's website www.finbar.com.au.

DIRECTORS' REPORT (continued)

For the Year Ended 30 June 2018

4 Corporate Governance Statement (continued)

4.3 Remuneration Report - Audited

4.3.1 Principles of Remuneration

Remuneration of Directors and Executives is referred to as remuneration as defined in *AASB 124 Related Party Disclosures* and Section 300A of the *Corporations Act 2001*.

Key management personnel have authority and responsibility for planning, directing and controlling the activities of the Group, including Directors of the Company and other Executives. Key management personnel comprise the Directors of the Company and Executives for the Company and the Group including the Section 300A Executives.

Remuneration levels for key management personnel and the secretary of the Company, and key management personnel and secretaries of the Group, are competitively set to attract and retain appropriately qualified and experienced Directors and Executives. The Remuneration Committee periodically obtains independent advice on the appropriateness of remuneration packages of both the Company and the Group given trends in comparative companies both locally and internationally and the objectives of the Company's remuneration strategy.

The remuneration structures explained below are designed to attract suitably qualified candidates, reward the achievement of strategic objectives and achieve the broader outcome of creation of value for shareholders. The remuneration structures take into account:

- > the capability and experience of the key management personnel;
- > the key management personnel's ability to control the Group's performance;
- > the key management personnel's contribution to revenue and future earnings potential;
- > project outcomes;
- > the key management personnel's length of service; and
- > the Group's performance including:
 - the Group's earnings;
 - the growth in share price and delivering constant returns on shareholder wealth;
 - the amount of incentives within each key management person's remuneration.

Remuneration packages include a mix of fixed and variable remuneration, short-term performance-based incentives and can include long-term performance-based incentives.

Fixed Remuneration

Fixed remuneration consists of base remuneration (which is calculated on a total cost basis and includes any FBT charges related to employee benefits including motor vehicles), as well as employer contributions to superannuation funds.

Remuneration levels are reviewed annually through a process that considers individual, segment and overall performance of the Group. In addition, where appropriate, external consultants provide analysis and advice to ensure the Directors' and Senior Executives' remuneration is competitive in the market place. A Senior Executive's remuneration is also reviewed on promotion.

Performance Linked Remuneration

Performance linked remuneration includes short-term incentives and can include long-term incentives, which are designed to reward key management personnel for meeting or exceeding their financial and personal objectives. The short-term incentive (STI) is an 'at risk' bonus provided in the form of cash, whilst the long-term incentive (LTI) is provided as shares or options over ordinary shares of the Company under the rules of the Employee Incentive Plan 2013 and Director Share Plan 2014. As at 30 June 2018, there were no options on issue.

Short-term Incentive

The Remuneration Committee has elected to set the primary financial performance objective of 'profit before tax' as the key measure for the calculation of the short term incentives of key management personnel. The non-financial objectives vary with position and responsibility and include measures such as those outlined above. The STI for the current period was wholly based on a percentage of 'profit before tax'. Contractual amounts are accrued in the current year and discretionary amounts are accounted for in the year of payment. The contractual amount is set at 3.3% of 'profit before tax' for 2018 financial year.

At the end of the financial year the Remuneration Committee assess the actual performance of the Group, the relevant segment and the individual key management personnel contribution to the Group. The performance evaluation in respect of the year ended 30 June 2018 has taken place in accordance with this process.

Long-term Incentive

Incentive shares or options issued under the Employee Incentive Plan 2013 or Director Share Plan 2014 are made in accordance with thresholds set in the plans approved by shareholders at the relevant Annual General Meeting, subject to the Board's discretion.

Short-term and Long-term Incentive Structure

The Remuneration Committee considers that the above performance-linked remuneration structure is generating the desired outcome. The evidence of this is in respect to the long term historical profit and dividend growth of the Company, coupled with the long term retention of key management personnel resulting in the retention of Company intellectual property.

DIRECTORS' REPORT (continued)

For the Year Ended 30 June 2018

4 Corporate Governance Statement (continued)

4.3 Remuneration Report - Audited (continued)

4.3.1 Principles of Remuneration - (continued)

Consequences of Performance on Shareholders Wealth

In considering the Group's performance and benefits for shareholder wealth, the Remuneration Committee has regard to the following indices in respect of the current financial year and the previous four financial years:

	2018	2017	2016	2015	2014
Total comprehensive income	\$13,760,281	\$5,058,710	\$8,127,095	\$25,828,642	\$40,877,925
Profit before tax	\$18,785,726	\$10,369,453	\$10,687,308	\$31,699,466	\$58,671,895
Dividends paid	\$13,873,747	\$16,219,134	\$20,686,172	\$22,770,213	\$21,914,255
Change in share price	\$0.14	-\$0.03	-\$0.36	-\$0.44	\$0.37
Return on capital employed	6.24%	4.76%	4.26%	11.58%	18.94%
Return on total equity	5.46%	2.34%	3.57%	10.85%	17.13%

Profit before tax is considered as one of the financial targets in setting the STI.

Dividends, changes in share price, and return of capital are included in the total shareholder return (TSR) calculation which is one of the performance criteria assessed for the LTI. The other performance criteria assessed for the LTI is growth in earnings per share, which takes into account the Group's net profit.

The overall level of key management personnel's remuneration takes into account the performance of the Group over a number of years.

Directors

Total base remuneration for all Directors, last voted upon by shareholders at the November 2013 AGM, is not to exceed \$360,000 per annum. Directors' base fees are presently \$197,790 per annum. In line with industry practice, as from 1 July 2017 executive salaries were varied to be inclusive of all directors duties and responsibilities.

4.3.2 Directors' and Executive Officers' Remuneration

Details of the nature and amount of each major element of remuneration of each Director of the Company and of the named Group Executives who received the highest remuneration during the financial year ended 30 June 2018 are:

No options for shares were granted to key management personnel as remuneration during the reporting period.

DIRECTORS' REPORT (continued)

For the Year Ended 30 June 2018

4 Corporate Governance Statement (continued)

4.3 Remuneration Report - Audited (continued)

4.3.5 Equity Instruments

All options refer to options over ordinary shares of Finbar Group Limited issued under the Employee Incentive Plan 2013 or Director Share Plan 2014. As at 30 June 2018, there were no options on issue.

4.4 Audit Committee

The Audit Committee Charter sets out the Audit Committee's role, powers and duties, and establishes the functions delegated to the Audit Committee by the Board. The Audit Committee advises on the establishment and maintenance of a framework of internal control and appropriate ethical standards for the management of the Group.

A copy of the Audit Committee Charter is available on Finbar's website www.finbar.com.au.

The following directors serve on the Audit Committee:

- > Lee VERIOS (Chairman) - Non-executive Independent Director
- > Kee Kong LOH - Non-executive Director
- > Yuun Yean TENG - Non-executive Director (Up to 28 April 2018)
- > Terence Siong Woon PEH - Non-executive Director (From 28 April 2018)

4.5 Risk Management

Oversight of the Risk Management Procedures

The Board has elected not to establish a separate Risk Committee to oversee risk management and instead the overall responsibility of risk management resides with the Board in its entirety. In this regard, risk management considerations form part of the Board's discussions at scheduled meetings.

The Board oversees the establishment, implementation, and annual review of the Group's risk management procedures. Management has established and implemented informal risk management procedures for assessing, monitoring and managing all risks including operational, financial reporting and compliance risks for the Group. The Managing Director and Chief Financial Officer provide assurance, in writing to the Board, that the financial risk management and associated compliance and controls have been assessed and found to be operating effectively.

Risk Management and Compliance Control

Comprehensive practices have been established to ensure:

- > capital expenditure with respect to land acquisitions or development agreements obtain prior Board approval;
- > financial exposures are controlled, including use of derivatives. Further details of the Group's policies relating to interest rates management and credit risk are included in Notes 5 and 27 in the Notes to the Consolidated Financial Statements;
- > management systems are monitored and reviewed to achieve high standards of performance and compliance with regulations;
- > business transactions are properly authorised and executed;
- > the quality and integrity of personnel (see below);
- > financial reporting accuracy and compliance with the financial reporting regulatory framework (see below); and
- > environmental regulation compliance (see below).

Quality and Integrity of Personnel

Training and development and appropriate remuneration and incentives with regular performance reviews create an environment of cooperation and constructive dialogue with employees and senior management.

Financial Reporting

The Managing Director and the Chief Financial Officer have provided assurance, in writing to the Board that the Group's financial reports are founded on a sound system of risk management and internal compliance and control which implements the policies adopted by the Board.

There is a comprehensive accounting system. Monthly actual results are reported against budgets approved by the Directors and revised forecasts for the year are prepared regularly. Procedures are in place to ensure price sensitive information is reported to the Australian Securities Exchange (ASX) in accordance with Continuous Disclosure Requirements.

A review is undertaken at each half year end of all related party transactions.

DIRECTORS' REPORT (continued)

For the Year Ended 30 June 2018

4 Corporate Governance Statement (continued)

4.5 Risk Management (continued)

Environmental Regulation

The Group's operations are not subject to any significant environmental regulations under either Commonwealth or State legislation.

Compliance with the requirements of environmental regulations and with specific requirements of site environmental licences was substantially achieved across all operations with no instances of non-compliance in relation to licence requirements noted.

The Board is not aware of any significant breaches of environmental regulations during the period covered by this report.

4.6 Ethical Standards

All Directors, Managers and Employees are expected to act with the utmost integrity and objectivity, striving at all times to enhance the reputation and performance of the Group.

Conflict of Interest

Directors must keep the Board advised, on an ongoing basis, of any interest that could potentially conflict with those of the Group.

Where the Board believes that a significant conflict exists for a Director on a Board matter, the Director concerned does not receive the relevant Board papers and is not present at the meeting whilst the item is considered. Details of Director related entity transactions with the Company and the Group are set out in Note 31 in the Notes to the Consolidated Financial Statements.

Code of Conduct

All Directors, Managers and Employees are expected to maintain high ethical standards including the following:

- > aligning the behaviour of the Board and Management with the code of conduct by maintaining appropriate core Group values and objectives;
- > fulfilling responsibilities to shareholders by delivering shareholder value;
- > usefulness of financial information by maintaining appropriate accounting policies, practices and disclosure;
- > fulfilling responsibilities to clients, customers and consumers by maintaining high standards of product quality, service standards, commitments to fair value, and safety of goods produced;
- > employment practices such as occupational health and safety, employment opportunity, training and education support, community activities, sponsorships and donations;
- > responsibilities to the individual, such as privacy, use of privileged or confidential information, and conflict resolution;
- > managing actual or potential conflicts of interest;
- > corporate opportunities such as preventing Directors and key executives from taking advantage of property, information or position for personal gain;
- > confidentiality of corporate information;
- > fair dealing;
- > protection and proper use of the Group's assets;
- > compliance with laws;
- > reporting unlawful or of unethical behaviour including protection of those who report violations in good faith.

Trading in General Company Securities by Directors and Employees

The key elements of the Trading in Company Securities by Directors and Employees policy are:

- > identification of those restricted from trading - Directors and Senior Executives may acquire shares in the Company, but are prohibited from dealing in Company shares or exercising options:
 - within two trading days after either the release of the Company's half-year and annual results to the Australian Securities Exchange ('ASX'), the Annual General Meeting or any major announcement;
 - whilst in possession of price sensitive information not yet released to the market;
- > raising the awareness of legal prohibitions including transactions with colleagues and external advisers;
- > raising awareness that the Company prohibits those restricted from trading in Company shares as described above from entering into transactions such as margin loans that could trigger a trade during a prohibited period;
- > requiring details to be provided of the trading activities of the Directors of the Company.

4.7 Communication with Shareholder

The Board is committed to ensuring that the Company complies with its continuous disclosure obligations and to facilitate this, has approved a Continuous Disclosure Policy that applies to all Group personnel, including the Directors and Senior Executives. The Board seeks to promote investor confidence by seeking to ensure that trading in the Company's shares take place in an informed market.

Finbar provides information about itself, its activities and operations, and its governance via its website www.finbar.com.au.

A copy of the Group's Market Disclosure Policy is available on Finbar's website www.finbar.com.au.

DIRECTORS' REPORT (continued)

For the Year Ended 30 June 2018

4 Corporate Governance Statement (continued)

4.8 Diversity

The Board has considered the recommendation to formulate strict measurable targets for the purposes of the assessment of gender diversity within the organisation. Given the small size and relatively stable nature of its workforce it has formed the view that at this time it would not be appropriate or practical to establish a written policy regarding gender diversity. The Board will review this position at least annually. However, generally, when selecting new employees or advancing existing employees, no consideration is given to gender, age or ethnicity, but instead selections are based upon individual achievements, skill and expertise.

Gender Representation	2018		2017	
	Female	Male	Female	Male
Board	-	100%	17%	83%
Key Management Personnel	-	100%	-	100%
Senior Management	50%	50%	50%	50%
Group	53%	47%	53%	47%

5 Principal Activities

The principal activities of the Group during the course of the financial year continued to be property development and investment.

The Group's focus is the development of medium to high-density residential buildings and commercial developments in Western Australia by way of direct ownership, ownership through fully owned Subsidiaries or by equity accounted investees (through companies registered specifically to conduct the development).

The Group holds rental property through 175 Adelaide Terrace Pty Ltd (wholly owned subsidiary of the Company) and Finbar Karratha Pty Ltd (wholly owned subsidiary of the Company).

There were no significant changes in the nature of the activities of the Group during the financial year.

6 Operating and Financial Review

Operating Results	2018		2017	
Total comprehensive income attributable to Owners of the Group	\$13,760,204		\$5,062,123	

Shareholder Returns	2018	2017	2016	2015	2014
Total comprehensive income attributable to Owners of the Group	\$13,760,204	\$5,062,123	\$8,130,113	\$25,896,656	\$36,526,868

Market price per share	\$0.94	\$0.80	\$0.83	\$1.19	\$1.63
Change in share price	\$0.14	-\$0.03	-\$0.36	-\$0.44	\$0.37
Return on capital employed attributable to Owners of the Group	6.24%	4.76%	4.26%	11.60%	17.62%
Return on total equity attributable to Owners of the Group	5.46%	2.34%	3.57%	10.90%	15.79%

Dividends for 2018 were fully franked and it is expected that dividends in future years will continue to be fully franked.

Key transactions that contributed to the consolidated net profit of the Company for the 2018 financial year were the completion of the Aire Apartments in West Perth and the Aurelia Apartments in South Perth, sales and settlements of completed stock held at 30 June 2017 as well as the ongoing rental of the Company's commercial properties. See below for further information on the Company's project completions.

DIRECTORS' REPORT (continued)

For the Year Ended 30 June 2018

6 Operating and Financial Review (continued)

Review of Operations

Finbar Group Limited's ('Finbar' or 'the Company') core business lies in the development of medium to high density residential apartments and commercial property within the state of Western Australia. Finbar carries out its development projects in its own right or through incorporated special purpose entities and equity accounted investees, of which the Company either directly or indirectly holds interests in project profitability ranging between 50% and 100%.

The Company operates predominantly within the Perth CBD and surrounding areas.

Finbar's business model involves the acquisition of suitable development land either directly or by way of an incorporated Special Purpose Vehicle or by development agreements with Land Owners. Equity partners are sought to allow the Company to leverage into larger development projects to take advantage of the benefits of economies of scale, and to help spread project risk.

Finbar outsources its design, sales and construction activities to external parties.

The administration of the companies along with the operating, investment, and acquisitions decisions are made by Finbar's Board and Management. The Company employs 17 staff in its corporate offices in East Perth, Western Australia and 1 member of staff in its office in the Pilbara.

This outsourcing model ensures that the Company is and remains scalable, efficient and agile in a market where acquisition and project timing is critical in maintaining a competitive advantage, helping to protect margins and enhancing the returns Finbar can generate for its shareholders.

There have been no significant changes in the Company's operating model that occurred during the relevant reporting period and the Company continued to develop and invest in built-form projects within Western Australia throughout the year as its core business.

Notwithstanding a subdued level of confidence in the resources construction cycle in Western Australia, there remains strong support for the product offered by Finbar.

Underlying state population growth and state economic activity has softened on the back of a reduction in resource sector activity. As a result, there is less demand for investment property, however, a low interest rate environment coupled with weakened housing prices is helping drive owner occupier activity for company product.

Factors that may affect the Company's profit are generally restricted to items that would be considered to reside outside of the control of the Board and Management and are, in general, movements in interest rates, government rebates and incentives, changes in taxation and superannuation laws, banking lending policies and their regulatory changes, global economic factors, resources sector activity, and employment rates.

The ability to source new viable development opportunities is central to Finbar's ongoing success and the Board and Management has demonstrated a long track record of this ability.

The Board and Management control the Company's key risks through the implementation of control measures which include; land acquisitions generally secured without the use of debt funding, development funding which is carried out utilising senior bank funding (no mezzanine) from major Australian banks, and the Company's small and agile structure which can rapidly adapt to changes in market conditions.

During the reporting period, Finbar Group issued an additional 38,013,843 shares for cash raising \$34,681,318 of equity (Note 22). The Directors have also elected to reactivate the DRP in the 2018 financial year until further notice. Other than the capital raising, there were no significant changes in the composition of overall assets and liabilities, with movements in assets from non-current to current and movements in liabilities from non-current to current as projects reach completion. The Company continued to focus on the generation of sales and rental revenue through property development and investment.

The Board and Management do not currently have the view that there is a requirement to reposition the Company's overall business model. The Board and Management continuously monitor market fluctuations and conditions and implement appropriate strategies to benefit from and insulate the Company against changing market conditions.

DIRECTORS' REPORT (continued)

For the Year Ended 30 June 2018

6 Operating and Financial Review (continued)

Completed Projects

Ecco - 262 Lord Street, Perth: 1 unit settled in the reporting period. 2 units remain for sale in the 98 unit development.

Norwood - 280 Lord Street, Perth: 2 units have settled in the reporting period. The 63 unit development is fully sold.

Arbor North - Lot 1001-1003 Rowe Avenue, Rivervale: 2 units have settled in the reporting period. The 154 unit development is fully sold.

Unison on Tenth - 241 Railway Avenue, Maylands: 19 units have settled in the reporting period. The 169 unit development is fully sold.

Linq - 269 James Street, Northbridge: 17 units have settled in the reporting period. 9 units remain for sale in the 116 unit development.

Motive - 172 Railway Parade, West Leederville: 26 units have settled in the reporting period. 46 units remain for sale in the 143 unit development.

Concerto - 193 Adelaide Terrace, East Perth: 77 units settled in the reporting period. 38 units remain for sale in the 227 unit development.

Aurelia - 96 Mill Point Road, South Perth: Construction of the Aurelia project completed in the second half of the financial year. 90 units have settled in the reporting period. 36 units remain for sale in the 138 unit development.

Aire West Perth - 647-659 Murray Street, West Perth: Construction of the Aire project completed in the second half of the financial year. 168 units have settled in the reporting period. 52 units remain for sale in the 244 unit development.

Currently Under Construction

Vue Tower - 63 Adelaide Terrace, East Perth: Construction works continue to progress well at the Vue development, with completion expected during the financial year ending 30 June 2019. To date 131 sales have been achieved in the 249 unit development.

Reva - 5 Harper Terrace, South Perth: Construction works continue to progress well at the Reva development, with completion expected during the financial year ending 30 June 2019. To date 37 sales have been achieved in the 60 unit development.

Palmyra - 43 McGregor Road, Palmyra: Marketing and construction for the first stage of the two stage development has commenced in the reporting period. To date 54 sales have been achieved in the 128 unit development.

Sabina - 3-5 Kintail Road, Applecross: Marketing and construction for the first stage of the three stage development has commenced in the reporting period. To date 43 sales have been achieved in the 171 unit development.

Circa - Lot 1001-1003 Rowe Avenue Rivervale: Marketing of the Circa project continues to progress, with construction expected to commence in the financial year ending 30th June 2019. To date 13 sales have been achieved in the 132 unit development.

DIRECTORS' REPORT (continued)

For the Year Ended 30 June 2018

6 Operating and Financial Review (continued)

Future Projects

One Kennedy - 241 Railway Parade, Maylands: Development Approval has been received for the development of 180 one, two and three bedroom apartments plus two commercial lots on Kennedy Street, Maylands. Marketing of the Unison on Kennedy project is expected to commence in the financial year ending 30th June 2019.

Civic Heart - 1 Mends Street, South Perth: A scheme amendment that addresses site specific characteristics has been lodged with approval expected in 2019. Draft plans under the proposed amendment are being progressed that reflect a development outcome of approximately 320 apartments and 2750sqm of commercial space within a two tower structure over a podium.

3-5 Kintail Road, Applecross: Development Approval has been received for a three stage project comprising of 452 apartments and 9 commercial units. Marketing and construction has commenced on stage one of the project.

43 McGregor Road, Palmyra: Development Approval has been received for a two stage development comprising a mix of 258 one, two and three bedroom apartments. Marketing and construction has commenced on stage one of the project.

36 Chester Avenue, Dianella: The project is currently being redesigned.

239 Great Eastern Highway, Belmont: The project is currently being redesigned.

The Point - 31 Rowe Avenue, Rivervale: Development Approval has been received for the development of 183 apartments.

Springs Commercial - 2 Hawksburn Road, Rivervale: The company has not secured a lease to date which would underpin the viability of the development of a commercial building on this land. The company will continue to seek a leasing pre-commitment. If it is unsuccessful by the time the Circa development nears completion, the company will consider seeking approval from the statutory authorities for the redesign into a residential apartment project.

2 Homelea Court, Springs Rivervale: Finbar through a wholly owned subsidiary holds an additional four parcels of land in the Springs precinct in Rivervale for a combined value of \$5.15m. The four vacant sites are located on the corners of Rowe Avenue and Homelea Court and comprise a total of 3,770 square metres of land which Finbar intends to amalgamate to develop a project consisting of approximately 185 apartments within a 10 level building.

Investment Property

Fairlanes - 175 Adelaide Terrace, East Perth: The Fairlanes property has been revalued during the reporting period. The valuation resulted in a \$2.85m reduction to the value of the property. The company continues to benefit from the investment income generated from the leased property. The property is currently 94% leased. The company continues to actively market the remaining tenancies for rental.

Pelago Commercial - 23 & 26 Sharpe Avenue, Karratha: The Pelago commercial property has been revalued during the reporting period. The valuation resulted in a \$155,000 increase to the value of the property. The company continues to benefit from the investment income generated from the leased property. The property is currently 69% leased. The company continues to actively market the remaining tenancies for rental.

Pelago Residential - 23 & 26 Sharpe Avenue, Karratha: The Pelago residential property has been revalued during the reporting period. The valuation resulted in a \$245,000 increase to the value of the property. The company continues to benefit from the investment income generated from the leased property. The property is currently 91% leased. The company continues to actively market the remaining tenancies for rental.

Significant Changes in State of Affairs

Other than set out in this report, in the opinion of the Directors there were no significant changes in the state of affairs of the Group that occurred during the financial year under review.

DIRECTORS' REPORT (continued)

For the Year Ended 30 June 2018

7 Dividends

Dividends paid or declared by the Company to members since the end of the previous financial year were:

	Cents per Share	Total Amount \$	Franked / Unfranked	Date of Payment
Dividends Paid During the Year 2018				
Final 2017 ordinary	3.00	6,933,877	Franked	1 September 2017
Interim 2018 ordinary	3.00	6,939,870	Franked	12 April 2018
Total Dividends Paid		13,873,747		

Franked dividends declared or paid during the year were franked at the rate of 30%.

Proposed Dividend

After the balance date the following dividend has been proposed by the Directors. The dividend has not been provided for and there are no income tax consequences.

Final 2018 ordinary	3.00	8,123,099	Franked	14 September 2018
Total Dividend Proposed		8,123,099		

The financial effect of this dividend has not been brought to account in the financial statements for the year ended 30 June 2018 and will be recognised in subsequent financial reports.

	Note	\$
Dealt with in the financial report as - Dividends	22	13,873,747

Dividend Reinvestment Plan

In accordance with Rule 13 of the Company's Dividend Reinvestment Plan (DRP), the Directors elected to reactivate the DRP in the 2018 financial year until further notice and as such the DRP will be active for the above mentioned dividend.

8 Events Subsequent to Reporting Date

There has not arisen in the interval between the end of the financial year and the date of this report any item, transaction or event of a material and unusual nature likely, in the opinion of the Directors of the Company, to affect significantly the operations of the Group, the results of those operations, or the state of affairs of the Group in future financial years.

9 Likely Developments

The Group will continue to pursue its policy of increasing the profitability and market share of its major business sectors during the next financial year.

The Group will continue planned development projects on existing land and will continue to assess new development opportunities for the acquisition of land for future development.

Further information about likely developments in the operations of the Group and the expected results of these operations in future years have not been included in this report as the disclosure of such information would, in the opinion of the Directors, be likely to result in unreasonable prejudice to the Group.

10 Directors' Interests

The relevant interest of each Director in the shares and options over such instruments by the companies within the Group, as notified by the Directors to the Australian Stock Exchange Limited in accordance with S205G(1) of the *Corporations Act 2001*, as at the date of this report is as follows:

Director	Ordinary Shares
Mr John Chan	26,567,520
Mr Darren John Pateman	3,586,368
Mr Ronald Chan	5,067,217
Mr Kee Kong Loh	2,000,904
Ms Yuun Yean Teng (as at 24 April 2018)	-
Mr Terence Siong Woon Peh	54,932,348
Mr Lee Verios	70,000

DIRECTORS' REPORT (continued)

For the Year Ended 30 June 2018

11 Indemnification and Insurance of Officers and Auditors

Indemnification

The Company has agreed to indemnify the current Directors of the Company, its Subsidiaries and Equity Accounted Investees, against all liabilities to another person (other than the Company or related body corporate) that may arise from their position as Directors of the Company, its Subsidiaries and Equity Accounted Investees, except where the liability arises out of the conduct involving a lack of good faith.

Insurance Premiums

During the financial year the Company has paid insurance premiums of \$22,382 (2017: \$20,639) in respect of Directors and Officers liability and legal expenses insurance contracts for Directors and Officers, including Executive Officers of the Company. The insurance premiums relate to:

- > Costs and expenses incurred by the relevant Officers in defending proceedings, whether civil or criminal and whatever their outcome;
- > Other liabilities that may arise from their position, with the exception of conduct involving a wilful breach of duty or improper use of information or position to gain a personal advantage.

12 Non-audit Services

During the year KPMG, the Group's auditor, has performed certain other services in addition to their statutory duties.

The Board has considered the non-audit services provided during the year by the auditor and is satisfied that the provision of those non-audit services during the year by the auditor is compatible with, and did not compromise, the auditor independence requirements of the *Corporations Act 2001* for the following reasons:

- > all non-audit services were subject to the corporate governance procedures adopted by the Group and have been reviewed to ensure they do not impact the integrity and objectivity of the auditor;
- > the non-audit services provided do not undermine the general principles relating to auditor independence as set out in APES 110 Code of Ethics for Professional Accountants, as they did not involve reviewing or auditing the auditor's own work, acting in a management or decision making capacity for the Group, acting as an advocate for the Group or jointly sharing risks and rewards.

Details of the amounts paid to the auditor of the Group, KPMG, and its related practices for audit and non-audit services provided during the year are set out below:

	Consolidated	
	2018 \$	2017 \$
Audit Services:		
Auditors of the Company		
Audit and review of the financial reports	174,425	151,750
Audit and review of the financial reports of equity accounted investees	6,750	-
	181,175	151,750
Services Other Than Statutory Audit		
Taxation compliance services	18,543	21,730
	18,543	21,730

13 Lead Auditor's Independence Declaration

The Lead Auditor's Independence Declaration is set out on Page 89 and forms part of the Directors' Report for the financial year ended 30 June 2018.

Signed in accordance with a resolution of the Board of Directors:

Darren Pateman
Managing Director

Dated at Perth this Twenty Second day of August 2018.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (continued)

For the Year Ended 30 June 2018

1 Reporting Entity

Finbar Group Limited ('the Company') is a public company domiciled in Australia. The address of the Company's registered office is Level 6, 181 Adelaide Terrace, East Perth, WA 6004. The consolidated financial statements of the Group as at and for the year ended 30 June 2018 comprise the Company, its Subsidiaries (together referred to as 'the Group' and individually as 'Group entities') and the Group's interest in equity accounted investees. The Group is a for-profit entity and is primarily involved in residential property development and property investment (see Note 6).

2 Basis of Preparation

(a) Statement of Compliance

The consolidated financial statements are general purpose financial statements which have been prepared in accordance with Australian Accounting Standards (AASBs) adopted by the Australian Accounting Standards Board (AASB) and the Corporations Act 2001. These consolidated financial statements of the Group comply with International Financial Reporting Standards (IFRSs) and interpretations adopted by the International Accounting Standards Board (IASB).

The consolidated financial statements were approved by the Board of Directors on 22nd August 2018.

(b) Basis of Measurement

The consolidated financial statements have been prepared on the historical cost basis except for the following:

- > financial instruments recognised through profit or loss are measured at fair value,
- > investment property is measured at fair value.

The methods used to measure fair values are discussed further in Note 4.

(c) Functional and Presentation Currency

These consolidated financial statements are presented in Australian dollars, which is the functional currency for the Group.

(d) Use of Estimates and Judgements

The preparation of consolidated financial statements in conformity with AASBs requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised and in any future periods affected.

(i) Assumptions and estimation uncertainties

Information about assumptions made in measuring fair values and estimation uncertainties that have a significant risk of resulting in a material adjustment within the year ending 30 June 2018 are included in the following notes:

- > Note 13 - valuation of investment property,
- > Note 14 - property, plant & equipment,
- > Note 27 - valuation of financial instruments.

(ii) Measurement of fair values

A number of the Group's accounting policies and disclosures require the measurement of fair values, for both financial and non-financial assets and liabilities.

The Group has an established control framework with respect to the measurement of fair values. This includes the CFO who has overall responsibility for overseeing all significant fair value measurements, including Level 3 fair values.

Significant valuation issues are reported to the Audit Committee.

When measuring the fair value of an asset or a liability, the Group uses market observable data as far as possible. Fair values are categorised into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows:

- > Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities
- > Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices)
- > Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs)

If the inputs used to measure the fair value of an asset or a liability might be categorised in different levels of the fair value hierarchy, then the fair value measurement is categorised in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

The Group recognises transfers between levels of the fair value hierarchy at the end of the reporting period during which the change occurred.

(e) Changes in Accounting Policies

There have been no changes in accounting policies during the year.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (continued)

For the Year Ended 30 June 2018

3 Significant Accounting Policies

The accounting policies set out below have been applied consistently to all periods presented in these consolidated financial statements, and have been applied consistently by Group entities.

(a) Basis of Consolidation

(i) Subsidiaries

Subsidiaries are entities controlled by the Group. The Group controls an entity when it is exposed to or has rights to variable returns from its investment with the entity and has the ability to affect those returns through its power over the entity. The financial statements of Subsidiaries are included in the consolidated financial statements from the date that control commences until the date that control ceases. The accounting policies of subsidiaries have been changed when necessary to align them with the policies adopted by the Group.

(ii) Equity Accounted Investees

Equity accounted investees are those entities over whose activities the Group has joint control, established by contractual agreement and requiring unanimous consent for strategic and operating decisions. Investments in equity accounted investees are accounted for using the equity method (Equity Accounted Investees) and are initially recognised at cost. The consolidated financial statements include the Group's share of the income and expenses and equity movements of Equity Accounted Investees, after adjustments to align the accounting policies with those of the Group, from the date that the joint control commences until the date the joint control ceases. When the Group's share of losses exceeds its interest in an Equity Accounted Investee, the carrying amount of that interest is reduced to nil and the recognition of further losses is discontinued except to the extent that the Group has an obligation or has made payments on behalf of the Equity Accounted Investee. Investments in equity accounted investees are carried at the lower of the equity accounted amount and the recoverable amount. Investments in equity accounted investees are treated as current assets where it is expected that the investment will be realised within a twelve month time frame.

(iii) Joint Operations

A joint operation is carried on by each venturer using its own assets in pursuit of the joint operations. The consolidated financial statements include the assets that the Group controls and the liabilities that it incurs in the course of pursuing the joint operation, and the expenses that the Group incurs and its share of the income that it earns from the joint operation.

(iv) Transactions Eliminated on Consolidation

Intra-group balances and transactions, and any unrealised gains and losses or income and expenses arising from intra-group transactions, are eliminated in preparing the consolidated financial statements. Unrealised gains arising from transactions with Equity Accounted Investees are eliminated against the investment to the extent of the Group's interest in the Equity Accounted Investee. Unrealised losses are eliminated in the same way as unrealised gains, but only to the extent that there is no evidence of impairment. Gains and losses are recognised as the contributed assets are consumed or sold by the Equity Accounted Investee or, if not consumed or sold by the Equity Accounted Investee, when the Group's interest in such entities is disposed of.

(b) Financial Instruments

(i) Non-derivative Financial Instruments

Non-derivative financial instruments comprise investments in equity and debt securities, trade and other receivables, cash and cash equivalents, loans and borrowings, and trade and other payables.

Non-derivative financial instruments are recognised initially at fair value plus, for instruments not at fair value through profit or loss, any directly attributable transaction costs, except as described below. Subsequent to initial recognition non-derivative financial instruments are measured as described below.

Cash and cash equivalents comprise cash balances and call deposits. Bank overdrafts that are repayable on demand and form an integral part of the Group's cash management are included as a component of cash and cash equivalents for the purpose of the statement of cash flows.

Accounting for finance income and expense is discussed in Note 3(j).

Other

Other non-derivative financial instruments are measured at amortised cost using the effective interest method, less any impairment losses.

(ii) Derivative Financial Instruments

Derivatives are recognised initially at fair value; attributable transaction costs are recognised in profit or loss when incurred. Subsequent to initial recognition, derivatives are measured at fair value, and changes in fair value are recognised in profit or loss.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (continued)

For the Year Ended 30 June 2018

3 Significant Accounting Policies (continued)

(b) Financial Instruments (continued)

(iii) Share Capital

Ordinary shares

Ordinary shares are classified as equity. Incremental costs directly attributable to the issue of ordinary shares and share options are recognised as a deduction from equity, net of any tax effects.

Repurchase of share capital

When share capital recognised in equity is repurchased, the amount of the consideration paid, which includes directly attributable costs, net of any tax effects, is recognised as a deduction from equity.

Dividends

Dividends are recognised as a liability in the period in which they are declared.

(c) Property, Plant and Equipment

(i) Recognition and Measurement

Items of plant and equipment are measured at cost or deemed cost less accumulated depreciation and impairment losses.

Cost includes expenditure that is directly attributable to the acquisition of the asset. The cost of self-constructed assets include the cost of materials, direct labour, any other costs directly attributable to bringing the asset to a working order for its intended use, the costs of dismantling and removing the items and restoring the site on which they are located, and capitalised borrowing costs (see below).

Items classified as property are measured at fair value. Refer Note (c) (iv).

Where parts of an item of property, plant and equipment have different useful lives, they are accounted for as separate items (major components) of property, plant and equipment.

Gains on disposal of an item of property, plant and equipment are determined by comparing the proceeds from disposal with the carrying amount of property, plant & equipment and are recognised net within "Other income" in profit or loss.

Losses on disposal of an item of property, plant and equipment are determined by comparing the proceeds from disposal with the carrying amount of property, plant & equipment and are recognised net within "Administrative expenses" in profit or loss.

When revalued assets are sold, the amounts included in the revaluation reserve are transferred to retained earnings.

In respect of borrowing costs relating to qualifying assets, the Group capitalises costs directly attributable to the acquisition, construction or production of a qualifying asset as part of the cost of the asset.

(ii) Reclassification to Investment Property

Property that is being constructed for future use as investment property is accounted for as property, plant and equipment until construction or development is complete, at which time it is remeasured to fair value and reclassified as investment property. Any gain or loss arising on remeasurement is recognised in profit or loss.

When the use of a property changes from owner-occupied to investment property, the property is remeasured to fair value and reclassified as investment property. Any loss is recognised in the revaluation reserve to the extent that an amount is included in revaluation reserve for that property, with any remaining loss recognised immediately in profit or loss. Any gain arising on revaluation is recognised in profit or loss to the extent the gain reverses a previous impairment loss on the property, with any remaining gain recognised in a revaluation reserve in equity.

(iii) Subsequent Costs

The cost of replacing part of an item of property, plant and equipment is recognised in the carrying amount of the item if it is probable that the future economic benefits embodied within the part will flow to the Group and its cost can be reliably measured. The carrying amount of the replaced part is derecognised. The costs of the day-to-day servicing of property, plant and equipment are recognised in profit or loss as incurred.

(iv) Revaluation Model for Property

After recognition as an asset, the Group has elected to carry an item of property whose fair value can be reliably measured shall be carried at a revalued amount, being its fair value at the date of the revaluation less any subsequent accumulated impairment losses. Revaluations are made with sufficient regularity to ensure that the carrying amount does not differ materially from that which would be determined using fair value at the end of the reporting period.

If an item of property is revalued, the entire class of property to which that asset belongs shall be revalued. Any gain or loss arising on remeasurement is recognised in other comprehensive income and asset revaluation reserve. Refer Note 4.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (continued)

For the Year Ended 30 June 2018

3 Significant Accounting Policies (continued)

(c) Property, Plant and Equipment (continued)

(v) Depreciation and Amortisation

Depreciation and amortisation is recognised in profit or loss on a straight-line basis over the estimated useful lives of each part of an item of property, plant and equipment. Assets are depreciated or amortised from the date of acquisition. Land is not depreciated.

The estimated useful lives in the current and comparative periods are as follows:

> Office property	40 years
> Office furniture and equipment, fixtures and fittings	5 - 25 years
> Plant and equipment	1 - 10 years

Depreciation and amortisation rates and methods are reviewed at each reporting date. When changes are made, adjustments are reflected prospectively in the current and future periods only.

(d) Investment Property

Investment property is property held either to earn rental income or for capital appreciation or for both, but not for sale in the ordinary course of business, used in the production or supply of goods and services or for administrative purposes. Investment property is measured at fair value (see Note 4) with any change therein recognised in profit or loss.

Cost includes expenditure that is directly attributable to the acquisition of the investment property. The cost of self-constructed investment property includes the cost of materials and direct labour, any other costs directly attributable to bringing the investment property to a working condition for their intended use and capitalised borrowing costs.

When the use of a property changes such that it is reclassified as property, plant or equipment, its fair value at the date of reclassification becomes its cost for subsequent accounting.

(e) Inventories

Inventories and work in progress, including land held for resale, are stated at the lower of cost and net realisable value.

Net realisable value is the estimated selling price in the ordinary course of business, less the estimated costs of completion and selling expenses.

Cost includes the cost of acquisition, development costs, holding costs and directly attributable interest on borrowed funds where the development is a qualifying asset. Capitalisation of borrowing costs is ceased during extended periods in which active development is interrupted. When a development is completed and ceases to be a qualifying asset, borrowing costs and other costs are expensed as incurred.

Current and Non-current Inventory Assets

Inventory is classified as current when it satisfies any of the following criteria:

- > it is expected to be realised in, or is intended for sale or consumption in, the entity's normal operating cycle;
- > it is held primarily for the purpose of being traded; or
- > it is expected to be realised within twelve months of the reporting date.

All other inventory is treated as non-current.

(f) Impairment

(i) Financial Assets (Including Receivables)

A financial asset not carried at fair value is assessed at each reporting date to determine whether there is any objective evidence that it is impaired. A financial asset is impaired if objective evidence indicates that a loss event has occurred after the initial recognition of the asset and the loss event had a negative effect on the estimated future cash flows of that asset that can be reliably measured.

Objective evidence that financial assets (including equity securities) are impaired can include default or delinquency by a debtor, restructuring of an amount due to the Group on terms the Group would not consider otherwise, indications that a debtor or issuer will enter bankruptcy, the disappearance of an active market for a security.

An impairment loss in respect of a financial asset measured at amortised cost is calculated as the difference between its carrying amount, and the present value of the estimated future cash flows discounted at the original effective interest rate. Losses are recognised in profit or loss and reflected in an allowance account against receivables. When a subsequent event causes the amount of impairment loss to decrease, the decrease in impairment loss is recognised through profit or loss.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (continued)

For the Year Ended 30 June 2018

3 Significant Accounting Policies (continued)

(f) Impairment (continued)

(ii) Non-financial Assets

The carrying amounts of the Group's non-financial assets other than investment property, inventories and deferred tax assets, are reviewed at each reporting date to determine whether there is any indication of impairment. If any such indication exists then the asset's recoverable amount is estimated.

The recoverable amount of an asset or cash-generating unit is the greater of its value in use and its fair value less costs to sell. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. For the purpose of impairment testing, assets that cannot be tested individually are grouped together into the smallest group of assets that generates cash flow from continuing use that are largely independent of the cash flows of other assets or groups of assets (the "cash generating unit").

An impairment loss is recognised if the carrying amount of an asset or its cash-generating unit exceeds its recoverable amount. Impairment losses are recognised in profit or loss.

Impairment losses recognised in prior periods are assessed at each reporting date for any indications that the loss has decreased or no longer exists. An impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount. An impairment loss is reversed only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortisation, if no impairment loss had been recognised.

(g) Employee Benefits

(i) Superannuation Contributions

Obligations for contributions to superannuation funds are recognised as an expense in profit or loss.

(ii) Long-term Employee Benefits

The Group's obligation in respect of long-term service benefits is the amount of future benefit that employees have earned in return for their service in the current and prior periods plus related on costs; that benefit is discounted to determine its present value, and the fair value of any related assets is deducted. The discount rate is the yield at the reporting date on AA credit-rated or government bonds that have maturity dates approximating the terms of the Group's obligations. The calculation is performed using the projected unit credit method. Any actuarial gains or losses are recognised in profit or loss in the period in which they arise.

(iii) Termination Benefits

Termination benefits are recognised as an expense when the Group is demonstrably committed, without realistic possibility of withdrawal, to a formal detailed plan to either terminate employment before the normal retirement date, or to provide termination benefits as a result of an offer made to encourage voluntary redundancy. Termination benefits for voluntary redundancies are recognised as an expense if the Group has made an offer encouraging voluntary redundancy, it is probable that the offer will be accepted, and the number of acceptances can be reliably estimated.

(iv) Short-term Employee Benefits

Short term employee benefits are measured on an undiscounted basis and are expensed as the related service is provided.

A liability is recognised for the amount expected to be paid under short-term cash bonus or profit-sharing plans if the Group has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee and the obligation can be recognised reliably.

(v) Share-based Payment Transactions

At the grant date, fair value of options granted to employees is recognised as an employee expense, with a corresponding increase in equity, over the period in which the employees become unconditionally entitled to the options. The amount recognised is adjusted to reflect the actual number of share options that vest, except for those that fail to vest due to market conditions not being met.

(h) Provisions

A provision is recognised if, as a result of a past event, the Group has a present legal or constructive obligation that can be reliably estimated, and it is probable that an outflow of economic benefits will be required to settle the obligation. Provisions are determined by discounting the expected future cash flows at a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (continued)

For the Year Ended 30 June 2018

3 Significant Accounting Policies (continued)

(i) Revenue

Revenues are measured at the fair value of the consideration received or receivable, net of discounts, rebates and the amount of goods and services tax (GST) payable to the taxation authority.

(ii) Property Development Sales

Revenue from the sale of residential, retail, commercial and industrial property is recognised when the significant risks and rewards of ownership have been transferred to the buyer, recovery of consideration is probable, the associated costs and possible return of the property can be reliably estimated, there is no continuing management involvement with the property and the amount of revenue can be reliably measured.

The timing of transfers of risks and rewards vary depending on the individual terms of the contract of sale.

(iii) Property Development Supervision Fees

Revenue from services rendered, including fees arising from the provision of development project supervision services, is recognised in profit or loss in proportion to the stage of completion of the transaction at reporting date. The stage of completion is assessed by reference to an assessment of the costs incurred and the costs to be incurred. No revenue is recognised if there are significant uncertainties regarding recovery of the consideration due, the revenue cannot be reliably measured, the costs incurred or to be incurred cannot be reliably measured, or the stage of completion cannot be reliably measured.

(iiii) Management Fee Revenue

Management fee revenue is recognised in profit or loss in proportion to the stage of completion of the transaction at the reporting date. Management fee revenue is recognised when the amount can be reliably measured or when contractually due.

(iv) Commissions

When the Group acts in the capacity of an agent rather than as the principal in a transaction, the revenue recognised is the net amount of commission earned by the Group.

(v) Rental Income

Rental income from investment property is recognised in profit or loss on a straight-line basis over the term of the lease. Lease incentives granted are recognised as an integral part of the total rental income, over the term of the lease.

(j) Finance Income and Finance Costs

Finance income comprises interest income on funds invested (including available-for-sale financial assets), interest on loans to Equity Accounted Investees, dividend income, gains on the disposal of available-for-sale assets, changes in the fair value of financial assets at fair value through profit or loss, and gains on hedging instruments that are recognised in profit or loss. Interest income is recognised as it accrues in profit or loss, using the effective interest method. Dividend income is recognised in profit or loss on the date that the Group's right to receive payment is established, which in the case of quoted securities is the ex-dividend date.

Finance costs comprise interest expense on borrowings, changes in fair value of financial assets at fair value through profit or loss, impairment losses recognised on financial assets, and losses on hedging instruments that are recognised in profit or loss. Borrowing costs that are not directly attributable to the acquisition or production of a qualifying asset are recognised in profit or loss using the effective interest method.

(k) Income Tax

Income tax expense comprises current and deferred tax. Current and deferred tax are recognised in profit or loss except to the extent that it relates to items recognised directly in equity or in other comprehensive income.

Current tax is the expected tax payable on the taxable income or loss for the year, using tax rates enacted or substantively enacted at the reporting date, and any adjustment to tax payable in respect of previous years.

Deferred tax is recognised in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for taxation purposes. Deferred tax is not recognised for the following temporary differences: the initial recognition of assets or liabilities in a transaction that is not a business combination and that affects neither accounting nor taxable profit or loss, and differences relating to investments in subsidiaries and equity accounted investees to the extent that it is probable that they will not reverse in the foreseeable future. In addition, deferred tax is not recognised for taxable temporary differences arising on the initial recognition of goodwill. Deferred tax is measured at the tax rates that are expected to be applied to the temporary differences when they reverse, based on the laws that have been enacted or substantively enacted by the reporting date.

Deferred tax assets and liabilities are offset if there is a legally enforceable right to offset current tax liabilities and assets and they relate to taxes levied by the same tax authority on the same taxable entity, or on different tax entities, but they intend to settle current tax liabilities and assets on a net basis or their tax assets and liabilities will be realised simultaneously.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (continued)

For the Year Ended 30 June 2018

3 Significant Accounting Policies (continued)

(k) Income Tax (continued)

A deferred tax asset is recognised for unused tax losses, tax credits and deductible temporary differences, to the extent that it is probable that future taxable profits will be available against which they can be utilised. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realised.

Additional income tax expenses that arise from the distribution of dividends are recognised at the same time as the liability to pay the related dividend is recognised. The Group does not distribute non-cash assets as dividends to its shareholders.

(l) Goods and Services Tax

Revenue, expenses and assets are recognised net of the amount of goods and services tax (GST), except where the amount of GST incurred is not recoverable from the Australian Taxation Office (ATO). In these circumstances, the GST is recognised as part of the cost of acquisition of the asset or as part of the expense.

Receivables and payables are stated with the amount of GST included. The net amount of GST recoverable from, or payable to, the ATO is included as a current asset or liability in the balance sheet.

Cash flows are included in the statement of cash flows on a gross basis. The GST components of cash flows arising from investing and financing activities which are recoverable from, or payable to, the ATO are classified as operating cash flows.

(m) Earnings per Share

The Group presents basic and diluted earnings per share (EPS) data for its ordinary shares. Basic EPS is calculated by dividing the profit or loss attributable to ordinary shareholders of the Company by the weighted average number of ordinary shares outstanding during the period. Diluted EPS is determined by adjusting the profit or loss attributable to ordinary shareholders and the weighted average number of ordinary shares outstanding for the effects of all dilutive potential ordinary shares, which comprise share options granted to employees.

(n) Segment Reporting

Determination and Presentation of Operating Segments

An operating segment is a component of the Group that engages in business activities from which it may earn revenues and incur expenses, including revenues and expenses that relate to transactions with any of the Group's other components. An operating segment's operating results are regularly reviewed by the Chief Operating Decision Maker (CODM) to make decisions about resources to be allocated to the segment and assess its performance, and for which discrete information is available.

Segment results that are reported to the CODM include items directly attributable to a segment as well as those that can be allocated on a reasonable basis. Unallocated items comprise mainly corporate assets (primarily the Group's headquarters), head office expenses, and income tax assets and liabilities.

Segment capital expenditure is the total cost incurred during the period to acquire property, plant and equipment, and intangible assets other than goodwill.

(o) New Standards and Interpretations

(i) New accounting standards and interpretations effective from 1 July 2017

The Group's financial statements have been prepared on the basis of accounting policies consistent with those in the prior year except for a number of minor amendments issued by the AASB which have been applied for the first time in the 30 June 2018 reporting period. These new pronouncements do not have a material impact on the Group's financial statements.

(ii) New Standards and Interpretations

Certain new accounting standards and interpretations have been published that are not effective for the 30 June 2018 reporting period. The Group's preliminary assessment of the impact of those new standards and interpretations considered relevant to the Group are set out below. The Group does not intend to early adopt any of the new standards or interpretations.

IFRS 9 Financial Instruments (effective from 1 July 2018) - AASB 9 brings together all three aspects of the accounting for financial instruments project: classification and measurement, impairment and hedge accounting. The standard includes a single approach for the classification and measurement of financial assets, based on cash flow characteristics and the business model used for the management of the financial instruments. It introduces the expected credit loss model for impairment of financial assets which replaces the incurred loss model under AASB 139. The Group plans to adopt the new standard from 1 July 2018 using the retrospective application approach subject to certain exemptions and reliefs per AASB 9. The Group's preliminary assessment of the impacts of AASB 9 are set out below and to date no material differences have been identified that would impact the Group's financial statements. The Group will continue to perform its assessment and monitor further developments.

Classification and measurement - The Group does not expect a material impact to its financial statements on applying the classification and measurement requirements of AASB 9.

Impairment - AASB 9 requires the Group to use an expected credit loss model for its trade and other receivables measured at amortised cost, either on a 12-month or lifetime basis. The Group will apply the simplified approach available under AASB 9 and record lifetime expected losses on all trade receivables measured at amortised cost. Given the short term nature of these receivables, the Group does not expect these changes to have a material impact. For other receivables, loans to equity accounted investees and interest bearing loans receivable the Group will apply the low credit risk exception available under AASB 9 and measure a 12-month expected credit loss. Given the nature of these receivables, the Group does not expect these changes to have a material impact.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (continued)

For the Year Ended 30 June 2018

3 Significant Accounting Policies (continued)

(ii) New Standards and Interpretations (continued)

IFRS 15 Revenue from Contracts with Customers (effective from 1 July 2018) - AASB 15 establishes a five-step model to account for revenue arising from contracts with customers. Revenue is recognised at an amount that reflects the consideration to which an entity expects to be entitled when control of the goods or services passes to the customer. The Group plans to adopt the new standard on 1 July 2018 using the modified retrospective approach where transitional adjustments are recognised in retained earnings at the date of initial application without adjustment of the comparative period. The new standard will only be applied to contracts that remain in force at transition date. The Group has undertaken a preliminary assessment of the impacts of AASB 15 and to date no material differences have been identified between AASB 118, the current revenue recognition standard and AASB 15. The Group will continue to perform its assessment and monitor further developments.

IFRS 16 Leases (effective from 1 July 2019) - AASB 16 will result in almost all leases being recognised on the Balance Sheet, as the distinction between operating and finance leases is removed. Under the new standard, an asset (the right to use the leased item) and a financial liability to pay rentals are recognised. Lessees will be required to separately recognise the interest expense on the lease liability and the depreciation expense on the right-of-use asset. The only exceptions are short-term and low-value leases. The accounting for lessors will not change significantly.

4 Determination of Fair Values

A number of the Group's accounting policies and disclosures require the determination of fair value, for both financial and non-financial assets and liabilities. Fair values have been determined for measurement and/or disclosure purposes based on the following methods. Where applicable, further information about the assumptions made in determining fair values is disclosed in the notes specific to that asset or liability.

(a) Investment Property and Property carried at fair value

An external, independent valuation company, having appropriately recognised professional qualifications and recent experience in the location and category of the property being valued, values the Group's investment property portfolio and property no less than once every three years. The fair values are based on market values, being the estimated amount for which a property could be exchanged on the date of the valuation between a willing buyer and a willing seller in an arm's length transaction after proper marketing wherein the parties had each acted knowledgeably and willingly.

In the absence of current prices in an active market, the valuations are prepared by considering the aggregate of the estimated cash flows expected to be received from renting out the property. A yield that reflects the specific risks inherent in the net cash flows is then applied to the net annual cash flows to arrive at the property valuation.

Valuations reflect, where appropriate: the type of tenants actually in occupation or responsible for meeting lease commitments or likely to be in occupation after letting vacant accommodation, the allocation of maintenance and insurance responsibilities between the Group and the lessee, and the remaining economic life of the property. When rent reviews or lease renewals are pending with anticipated reversionary increases, it is assumed that all notices and where appropriate counter-notices, have been served validly and within the appropriate time.

Properties that have not been independently valued as at the balance sheet date are carried at fair value by way of directors confirmation.

(b) Trade and Other Receivables

The fair value of trade and receivables, excluding construction work in progress, is estimated as the present value of future cash flows, discounted at the market rate of interest at the reporting date. This fair value is determined for disclosure purposes.

(c) Derivatives

The fair value of interest rate swaps is based on quotation from the relevant financial provider.

(d) Share-based Payment Transactions

The fair value of employee stock options is measured using the Black-Scholes (or similar) option-pricing model. Measurement inputs include share price on measurement date, exercise price of the instrument, expected volatility (based on weighted average historic volatility adjusted for changes expected due to publicly available information), weighted average expected life of the instruments (based on historical experience and general option holder behaviour), expected dividends, and the risk-free interest rate (based on government bonds). Service and non-market performance conditions attached to the transactions are not taken into account in determining fair value.

(e) Financial Guarantees

For financial guarantee contracts liabilities, the fair value at initial recognition is determined using a probability weighted discounted cash flow approach. This method takes into account the probability of default by the guaranteed party over the term of the contract, the loss given default (being the proportion of the exposure that is not expected to be recovered in the event of default) and exposure at default (being the maximum loss at the time of default).

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (continued)

For the Year Ended 30 June 2018

5 Financial Risk Management

Overview

The Group has exposure to the following risks from their use of financial instruments:

- > credit risk
- > liquidity risk
- > market risk

This note presents information about the Group's exposure to each of the above risks, their objectives, policies and processes for measuring and managing risk, and the management of capital. Further quantitative disclosures are included throughout these consolidated financial statements.

Risk Management Framework

The Board of Directors has overall responsibility for the establishment and oversight of the risk management framework. The Board is responsible for developing and monitoring risk management policies.

Risk management policies are established to identify and analyse the risks faced by the Group, to set appropriate risk limits and controls, and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Group's activities. The Group, through its training and management standards and procedures, aims to develop a disciplined and constructive control environment in which all employees understand their roles and obligations.

The Group Audit Committee oversees how management monitors compliance with the Group's risk management policies and procedures and reviews the adequacy of the risk management framework in relation to the risks faced by the Group.

Credit Risk

Credit risk is the risk of financial loss to the Group if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the Group's receivables from customers and investment securities.

Trade and Other Receivables

The nature of the Group's business means that most sales contracts occur on a pre-sales basis, before significant expenditure has been incurred on the development. All pre-sale contracts require a deposit at the point of entering into the contract, these funds being held in trust independently of the Group. Generally, pre-sale contracts are executed on an unconditional basis. Possession of a development property does not generally pass until such time as the financial settlement of the property has been completed, and title to a development property does not pass until the financial settlement of the property has been completed. Where possession of the development property is granted prior to settlement, title to the property remains with the Group until financial settlement of the property has been completed.

The demographics of the Group's customer base has little or no influence on credit risk. Approximately 7.09% (2017: 7.48%) of the Group's revenue is attributable to multiple sales transactions with single customers.

The Board of Directors has established a credit policy which undertakes an analysis of each sale. Purchase limits are established on customers, with these purchase limits being reviewed on each property development.

The Group's trade and other receivables relate mainly to the Group's loans to Equity Accounted Investees (within which the Group holds no more than a 50% interest) and Goods and Services Tax refunds due from the Australian Taxation Office. The loans to Equity Accounted Investees are repaid from proceeds on settlement and bear interest at BBSY plus agreed margin.

The Group has not established an allowance for impairment, as no losses are expected to be incurred in respect of trade and other receivables.

Liquidity Risk

Liquidity risk is the risk that the Group will not be able to meet its financial obligations as they fall due. The Group's approach to managing liquidity is to ensure, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Group's reputation.

The Group uses project by project costing to cost its products and services, which assists it in monitoring cash flow requirements and optimising its cash return on investments. Typically the Group ensures that it has sufficient cash on demand to meet expected operational expenses for a period of 60 days, including the servicing of financial obligations; this excludes the potential impact of extreme circumstances that cannot reasonably be predicted, such as natural disasters.

Market Risk

Market risk is the risk that changes in market prices, such as interest rates and equity prices will affect the Group's income or the value of its holdings of financial instruments. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, whilst optimising the return.

The Group enters into derivatives, and also incurs financial liabilities, in order to manage market risks. All such transactions are carried out by the Chief Financial Officer under guidance from the Executive Chairman and the Managing Director.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (continued)

For the Year Ended 30 June 2018

5 Financial Risk Management (continued)

Interest Rate Risk

The Group continuously reviews its exposure to changes in interest rates and where it is considered prudent will enter into borrowings on a fixed rate basis.

Capital Management

The Board's policy is to maintain a strong capital base so as to maintain investor, creditor and market confidence and to sustain future development of the business. The Board of Directors monitors the return on capital, which the Group defines as total comprehensive income attributable to the group divided by total shareholders' equity, excluding non-controlling interests. The Board of Directors also monitors the level of dividends to shareholders.

The Board seeks to maintain a balance between the higher returns that might be possible with higher levels of borrowings and the advantages and security afforded by a sound capital position. The Group's target is to achieve a return on assets of between 6.00% and 8.00%; for the year ended 30 June 2018 the return was 2.62% (2017: 2.61%). In comparison the weighted average interest expense on interest-bearing borrowings (excluding liabilities with imputed interest) was 2.51% (2017: 2.51%).

The Group's debt to capital ratio at the end of the financial year was as follows:

	2018 \$	2017 \$
Total liabilities	110,746,064	200,225,216
Less: Cash and cash equivalents	57,750,242	68,776,225
Net Debt	52,995,822	131,448,991
Total equity	252,166,214	216,471,190
Capital	252,166,214	216,471,190
Debt-to capital ratio at 30 June	0.21	0.61

From time to time the Company purchases its own shares on the market; the timing of these purchases depends on market prices and availability of unallocated company cash resources where not required for core business activity. Shares purchased are cancelled from issued capital on purchase. The intention of the Board of Directors in undertaking such purchases is to enhance the capital return to the shareholders of the Company. Buy decisions are made on a specific transaction basis by the Board of Directors.

Dividend Reinvestment Plan (DRP) was in place for interim distribution for the year ending 30 June 2018 and the preceding year. A discount of 5% was applied to shares issued under the DRP in accordance with the DRP rules stating the discount may not exceed 10%.

6 Operating Segments

The Group operates predominantly in the property development sector and has identified 4 reportable segments, as described below, which are the Group's three strategic business units, as well as the Corporate office. The strategic business units offer different products, and are managed separately because they require different technology, marketing strategies and have different types of customers. For each of the strategic business units, the Chief Operating Decision Maker (CODM) reviews internal management reports on a regular basis. The following describes the operations in each of the Group's reportable segments:

- > Residential apartment development in Western Australia,
- > Commercial office/retail development in Western Australia,
- > Rental of property in Western Australia,
- > Corporate is management fees and net assets attributable to the corporate office.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (continued)

For the Year Ended 30 June 2018

13 Investment Property	2018	2017
	\$	\$
13a Reconciliation of Carrying Amount		
Balance at 1 July	86,350,499	92,180,077
Transferred to Property, Plant and Equipment	445,455	-
Change in fair value	(2,027,338)	(5,829,578)
Balance at 30 June	84,768,616	86,350,499

Investment property comprises commercial properties at three developments and residential properties at two developments which are leased to third parties (see Note 28).

13b Measurement of fair values

(i) Fair Value Hierarchy

The fair value of investment property was determined by external, independent property valuers, having appropriate recognised professional qualifications and recent experience in the location and category of the property being valued or by director's confirmation.

The fair value measurement for investment property of \$84,768,616 has been categorised as a Level 3 fair value based on the inputs to the valuation technique used (see Note 2(d)).

(ii) Level 3 Fair Value

Note 13a shows a reconciliation from the opening balances to the closing balances for Level 3 fair values.

(iii) Valuation technique and significant unobservable inputs

The following table shows the valuation technique used in measuring the fair value of investment property, as well as the significant unobservable inputs used.

Valuation Technique	Significant unobservable inputs	Inter-relationship between key unobservable inputs and fair value measurement
<i>Discounted cash flows:</i> The valuation model considers the present value of net cash flows able to be generated from the property taking into account expected rental growth rate, void periods, occupancy rate, lease incentive costs, such as rent-free periods and other costs not paid by tenants. The expected net cash flows are discounted using risk-adjusted discount rates. Among other factors, the discount rate estimation considers the quality of a building and its location (prime vs secondary), tenant credit quality and lease terms.	Expected market rental growth 1.5% - 4.0%; Weighted average 2.39%; Void periods (average 8.7 months after the end of each lease); Occupancy rate 95.43%; Rent-free periods (9 - 60 month period on certain new leases); and Risk-adjusted discounted rates (weighted average 7.75%).	The estimated fair value would increase (decrease) if: Expected market rental growth were higher (lower); Void periods were shorter (longer); Occupancy rate were higher (lower); Rent-free periods were shorter (longer); or Risk-adjusted discount rate were lower (higher).
<i>Capitalisation of income valuation:</i> The capitalisation of income valuation method capitalises the current rent received, at a rate analysed from the most recent transactions of comparable property investments. The capitalisation rate used varies across properties. Valuations reflect, where appropriate, lease term remaining, the relationship of current rent to the market rent, location and prevailing investment market conditions.	Adopted capitalisation rate 8.0% - 10.0%; Gross rent per annum \$269 - \$600 per sqm; Occupancy rate 69.08% - 87.29%; and Lease term remaining (years) 0.05 - 9.5.	The estimated fair value would increase (decrease) if: Adopted capitalisation rate were higher (lower); Gross rent per annum were higher (lower); Occupancy rate were higher (lower); or Lease term remaining were longer (shorter).

The Company does not have authorised capital or par value in respect of its issued shares.

The holders of ordinary shares are entitled to receive dividends as declared from time to time and are entitled to one vote per share at meetings of the Company. All shares rank equally with regard to the Company's residual assets.

Dividends

Dividends recognised in the current year by the Group are:

	Cents per Share	Total Amount \$	Franked / Unfranked	Date of Payment
Dividends Paid During the Year 2018				
Final 2017 ordinary	3.00	6,933,877	Franked	1 September 2017
Interim 2018 ordinary	3.00	6,939,870	Franked	12 April 2018
Total Amount		13,873,747		

Dividends Paid During the Year 2017

Final 2016 ordinary	4.00	9,263,791	Franked	1 September 2016
Interim 2017 ordinary	3.00	6,955,343	Franked	10 March 2017
Total Amount		16,219,134		

During the period, dividends of \$101,180 (2017: \$48,977) were paid to minority shareholders.

Franked dividends declared or paid during the year were franked at the rate of 30%.

After 30 June 2018 the following dividend has been proposed by the Directors. The dividend has not been provided. The declaration and subsequent payment of dividends has no income tax consequences.

Proposed Dividend

Dividend proposed by the Group are:

Final 2018 ordinary	3.00	8,123,099	Franked	14 September 2018
Total Amount		8,123,099		

The financial effect of this dividend has not been brought to account in the financial statements for the financial year ended 30 June 2018 and will be recognised in subsequent financial reports.

Dividend Reinvestment Plan

The Company has a dividend reinvestment plan under which holders of ordinary shares may elect to have all or part of their dividend entitlements satisfied by the issue of new ordinary shares rather than by being paid in cash.

In accordance with Rule 13 of the Company's Dividend Reinvestment Plan (DRP), the Directors elected to reactivate the DRP in the 2018 financial year until further notice and as such the DRP will be active for the above mentioned dividend.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (continued)

For the Year Ended 30 June 2018

22 Capital and Reserves (continued)

	Company	
	2018 \$	2017 \$
Dividend Franking Account		
30% franking credits available to shareholders of Finbar Group Limited for subsequent financial years	15,844,531	17,431,869

The above available amounts are based on the balance of the dividend franking account at year-end adjusted for:

- (a) franking credits that will arise from the payment of current tax liabilities;
- (b) franking debits that will arise from the payment of dividends recognised as a liability at the year-end;
- (c) franking credits that will arise from the receipt of dividends recognised as receivables at the year-end; and
- (d) franking credits that the entity may be prevented from distributing in subsequent years.

The ability to utilise the franking credits is dependent upon there being sufficient available profits to declare dividends. The impact on the dividend franking account of dividends proposed after the balance sheet date but not recognised as a liability is to reduce it by \$3,481,328 (2017: \$2,971,662).

Nature and purpose of reserve**Asset revaluation reserve**

The revaluation reserve relates to the revaluation of non investment property carried at fair value.

For the Year Ended 30 June 2018

27 Financial Instruments

Credit Risk

Exposure to Credit Risk

The carrying amount of the Group's financial assets represent the maximum credit exposure. The Group's maximum exposure to credit risk at the reporting date was:

	Note	Carrying Amount	
		2018 \$	2017 \$
Trade and other receivables - current	19	39,494,544	16,395,830
Trade and other receivables - non-current	19	15,222,637	37,300,768
Cash and cash equivalents	21a	57,750,242	68,776,225
		112,467,423	122,472,823

The Group's maximum exposure to credit risk for trade and other receivables at the reporting date by receivable category was:

Equity Accounted Investees	20,152,625	22,320,798
Working capital advances and bonds	874,215	1,990,050
Trade and Other receivables	18,627,124	14,943,940
GST refunds due and other trade debtors	15,063,217	14,441,810
	54,717,181	53,696,598

Impairment Losses

None of the Group's trade or other receivables are past due and based on historic default rates and security held the Group believes that no impairment allowance is necessary in respect of trade or other receivables.

Liquidity Risk

The following are the contractual maturities of non-derivative financial liabilities, including estimated interest payments and excluding the impact of netting agreements:

		30 June 2018			
Non-derivative Financial Liabilities	Note	Carrying Amount \$	Contractual Cash Flows \$	1 Year or Less \$	1-3 Years \$
Secured bank loans:

		192,981,247	194,842,513	186,364,292	8,478,221

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (continued)

For the Year Ended 30 June 2018

27 Financial Instruments (continued)

Interest Rate Risk

Profile

At the reporting date the interest rate profile of the Group's interest-bearing financial assets and liabilities was:

	Carrying Amount	
	2018 \$	2017 \$
Variable Rate Instruments		
Financial Assets	77,902,867	91,097,023
Financial Liabilities	(39,357,550)	(140,718,278)
	38,545,317	(49,621,255)

Cash Flow Sensitivity Analysis for Variable Rate Instruments

A change of 100 basis points in interest rates would have (decreased)/increased the Group's equity and profit or loss by the amounts shown below. This analysis assumes that all variables remain constant. The analysis is on the same basis for 2017.

	Profit or Loss		Equity	
	100bp Increase \$	100bp Decrease \$	100bp Increase \$	100bp Decrease \$
30 June 2018				
Variable rate instruments	(1,089,113)	1,089,113	(1,089,113)	1,089,113
30 June 2017				
Variable rate instruments	(1,798,916)	1,798,916	(1,798,916)	1,798,916

Fair Values

Fair Values Versus Carrying Amounts

The fair values of financial assets and liabilities, as detailed below, are equal to the carrying amounts shown on the balance sheet:

	Fair Values	
	2018 \$	2017 \$
Trade and other receivables	54,717,181	53,696,598
Cash and cash equivalents	57,750,242	68,776,225
Secured bank loans	(39,357,550)	(113,545,782)
Unsecured shareholder loans	(16,546,955)	(38,001,407)
Trade and other payables	(48,759,577)	(41,434,058)

The methods and assumptions used to estimate the fair value of financial instruments are as follows:

Unsecured shareholder loans

Due to the short term nature of these financial rights and obligations, their carrying values approximate to their fair values.

Long term loans are secured and interest bearing at bank business interest rates.

Cash and short term deposits

The carrying amount is fair value due to the liquid nature of these assets.

Bank loans

The carrying amount is a reasonable approximation of fair value.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (continued)

For the Year Ended 30 June 2018

33 Subsequent Events

There has not arisen in the interval between the end of the financial year and the date of this report any item, transaction or event of a material and unusual nature likely, in the opinion of the Directors of the Company, to affect significantly the operations of the Group, the results of those operations, or the state of affairs of the Group in future financial years.

34 Auditors' Remuneration	2018 \$	2017 \$
Audit Services:		
Auditors of the Group		
Audit and review of the financial reports	174,425	151,750
Audit and review of the financial reports of equity accounted investees	6,750	-
	181,175	151,750
Services other than Statutory Audit:		
Taxation compliance services	18,543	21,730
	18,543	21,730

35 Parent Entity Disclosures

As at, and throughout the financial year ending 30 June 2018 the parent company of the Group was Finbar Group Limited.

Result of the Parent Entity

Profit for the year	9,979,553	22,796,983
Total Comprehensive Income for the Year	9,979,553	22,796,983

Financial Position of the Parent Entity

Current Assets	56,516,157	4,037,698
Total Assets	228,926,205	197,325,838
Current Liabilities	1,432,263	1,511,379
Total Liabilities	1,432,263	1,847,374

Total Equity of the Parent Entity comprising of:

Share capital	193,241,795	157,332,116
Retained earnings	34,252,147	38,146,352
Total Equity	227,493,942	195,478,468

Parent Entity Contingencies

The Directors are of the opinion that provisions are not required in respect of these matters, as it is not probable that a future sacrifice of economic benefits will be required or the amount is capable of reliable measurement.

DIRECTORS' DECLARATION

1. In the opinion of the Directors of Finbar Group Limited ('the Company'):
 - a) The consolidated financial statements and notes that are contained in Pages 49 to 82 and the Remuneration report in the Directors' report, set out on Pages 33 to 37, are in accordance with the Corporations Act 2001, including:
 - i) giving a true and fair view of the Group's financial position as at 30 June 2018 and of its performance for the year ended on that date; and
 - ii) complying with Australian Accounting Standards (including the Australian Accounting Interpretations) and the Corporations Regulations 2001; and
 - b) There are reasonable grounds to believe that the Company will be able to pay its debts as and when they become due and payable.
2. The Directors have been given the declarations required by Section 295A of the Corporations Act 2001 from the Managing Director and the Chief Financial Officer for the financial year ended 30 June 2018.
3. The Directors draw attention to Note 2(a) to the consolidated financial statements, which contains a statement of compliance with International Financial Reporting Standards.

Signed in accordance with a resolution of the Board of Directors:

Darren Pateman
Managing Director

Dated at Perth this Twenty Second day of August 2018.

Independent Auditor's Report

To the shareholders of Finbar Group Limited

Report on the audit of the Financial Report

Opinion

We have audited the **Financial Report** of Finbar Group Limited (the Company).

In our opinion, the accompanying Financial Report of the Company is in accordance with the *Corporations Act 2001*, including:

- giving a true and fair view of the **Group's** financial position as at 30 June 2018 and of its financial performance for the year ended on that date; and
- complying with *Australian Accounting Standards* and the *Corporations Regulations 2001*.

The **Financial Report** comprises:

- Consolidated statement of financial position as at 30 June 2018
- Consolidated statement of profit or loss and other comprehensive income, Consolidated statement of changes in equity, and Consolidated statement of cash flows for the year then ended
- Notes including a summary of significant accounting policies
- Directors' Declaration.

The **Group** consists of the Company and the entities it controlled at the year-end or from time to time during the financial year.

Basis for opinion

We conducted our audit in accordance with *Australian Auditing Standards*. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Our responsibilities under those standards are further described in the *Auditor's responsibilities for the audit of the Financial Report* section of our report.

We are independent of the Group in accordance with the *Corporations Act 2001* and the ethical requirements of the *Accounting Professional and Ethical Standards Board's APES 110 Code of Ethics for Professional Accountants* (the Code) that are relevant to our audit of the Financial Report in Australia. We have fulfilled our other ethical responsibilities in accordance with the Code.

Key Audit Matters

The **Key Audit Matters** we identified are:

- Valuation of Investment Property
- Carrying value of Inventory

Key Audit Matters are those matters that, in our professional judgement, were of most significance in our audit of the Financial Report of the current period.

These matters were addressed in the context of our audit of the Financial Report as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Valuation of Investment Property (\$84.8million)

Refer to Note 13 to the Financial Report

The key audit matter

Valuation of investment properties is a key audit matter due to the:

- Significance of the balance to the financial statements.
- Judgement required in assessing the capitalisation rates applied to the projected income of individual properties in the income valuation model. A small percentage movement in the capitalisation rate would result in a significant financial impact to the investment property balance and the income statement.
- Timing of the valuations performed by the Group's external valuer. It is the Group's policy when the valuation was not performed at year end for the directors to assess and confirm the valuation to be adopted in the financial report. We involved KPMG Real Estate Specialists to inform our evaluation of the external and internal valuations.
- Judgmental valuation inputs with respect to the Karratha investment properties (\$53.8 million), as there is limited availability of comparable sales and leasing evidence due to the low transaction levels in the Karratha region. This results in a higher level of judgment being applied by the Group to the valuation of both commercial and residential properties in that development, increasing our audit effort applied in this area.

How the matter was addressed in our audit

Our procedures included:

- We assessed the scope, objectivity, competence and capabilities of the Group's external valuer.
- We compared the valuations prepared using the income valuation model to the alternate discounted cashflow method valuation where prepared, as a comparator, by the external valuers.
- We involved KPMG Real Estate Specialists to inform our evaluation of the external values and the director's internal valuations, including comparing values to recent sales evidence and other published reports of industry commentators.
- We, in conjunction with our KPMG Real Estate Specialists, challenged the capitalisation rates applied, particularly for the Karratha investment property, based on our knowledge of the property portfolio and other published reports of industry commentators.
- We also compared, on a sample basis, the following key inputs to the valuations to existing lease contracts and published CPI statistics by the Australian Bureau of Statistics:
 - gross rent;
 - occupancy rate;
 - lease term remaining; and
 - CPI.

Carrying value of Inventory (\$144.9million)

Refer to Note 18 to the Financial Report

The key audit matter

Valuation of inventory, being both completed units and work in progress, is a key audit matter due to the:

- Significance of the balance to the financial statements.
- Significant judgement and our effort applied to assessing forecast selling prices and costs to complete for work in progress. These factors impact the assessment of net realisable value, as in accordance with accounting standards, inventory must be carried at the lower of cost and net realisable value.

Work in progress comprises developments currently under construction and future projects, which are long term in nature where forecast costs could be negatively impacted by issues encountered during planning or construction. In addition, forecast selling prices can fluctuate significantly based on property market conditions.

These factors increase the level of forecasting judgement and audit complexity when assessing forecast selling prices and costs to complete for inventory.

How the matter was addressed in our audit

Our procedures included:

- We selected a sample of significant developments under construction and future projects to understand project design complexity, sub-contractor reliance, other project risks and project funding which could negatively impact costs to complete. This was done through enquiry of senior management, and inspection of documentation such as budgets, funding agreements, supplier contracts and internal reports.
- We compared a sample of actual to forecast selling prices and actual to forecast construction costs to inform our evaluation of forecast selling prices and costs to complete respectively.
- We undertook sample testing of sales made during the year and subsequent to year end to sales contracts to assess sales margins achieved during the year and post year end. This informs our evaluation of the carrying value of inventory at balance date against the Group's policy for recording at the lower of cost and net realisable value.
- We compared forecast selling prices to forecast total costs for significant projects. We did this to assess the carrying value of inventory against the Group's policy for recording at the lower of cost and forecast net realizable value.

Other Information

Other Information is financial and non-financial information in Finbar Group Limited's annual reporting which is provided in addition to the Financial Report and the Auditor's Report. The Directors are responsible for the Other Information.

The Other Information we obtained prior to the date of this Auditor's Report was the Directors' Report. The remaining Other Information consisting of Key Financial Metrics, Chairman's Report, Managing Director's Report, Finbar Overview, Key Achievements, Development Overview and Finbar's Investment Properties are expected to be made available to us after the date of the Auditor's Report.

Our opinion on the Financial Report does not cover the Other Information and, accordingly, we do not and will not express an audit opinion or any form of assurance conclusion thereon, with the exception of the Remuneration Report and our related assurance opinion.

In connection with our audit of the Financial Report, our responsibility is to read the Other Information. In doing so, we consider whether the Other Information is materially inconsistent with the Financial Report or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

We are required to report if we conclude that there is a material misstatement of this Other Information, and based on the work we have performed on the Other Information that we obtained prior to the date of this Auditor's Report we have nothing to report.

Responsibilities of the Directors for the Financial Report

The Directors are responsible for:

- preparing the Financial Report that gives a true and fair view in accordance with *Australian Accounting Standards* and the *Corporations Act 2001*
- implementing necessary internal control to enable the preparation of a Financial Report that gives a true and fair view and is free from material misstatement, whether due to fraud or error
- assessing the Group and Company's ability to continue as a going concern and whether the use of the going concern basis of accounting is appropriate. This includes disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless they either intend to liquidate the Group and Company or to cease operations, or have no realistic alternative but to do so.

Auditor's responsibilities for the audit of the Financial Report

Our objective is:

- to obtain reasonable assurance about whether the Financial Report as a whole is free from material misstatement, whether due to fraud or error; and
- to issue an Auditor's Report that includes our opinion.

Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with *Australian Auditing Standards* will always detect a material misstatement when it exists.

Misstatements can arise from fraud or error. They are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the Financial Report.

A further description of our responsibilities for the audit of the Financial Report is located at the *Auditing and Assurance Standards Board* website at: http://www.auasb.gov.au/auditors_responsibilities/ar1.pdf. This description forms part of our Auditor's Report.

Report on the Remuneration Report

Opinion

In our opinion, the Remuneration Report of Finbar Group Limited for the year ended 30 June 2018, complies with *Section 300A* of the *Corporations Act 2001*.

Directors' responsibilities

The Directors of the Company are responsible for the preparation and presentation of the Remuneration Report in accordance with *Section 300A* of the *Corporations Act 2001*.

Our responsibilities

We have audited the Remuneration Report included in paragraph 4.3 of the Directors' report for the year ended 30 June 2018.

Our responsibility is to express an opinion on the Remuneration Report, based on our audit conducted in accordance with *Australian Auditing Standards*.

Lead Auditor's Independence Declaration under Section 307C of the Corporations Act 2001

To the Directors of Finbar Group Limited

I declare that, to the best of my knowledge and belief, in relation to the audit of Finbar Group Limited for the financial year ended 30 June 2018 there have been:

- i. no contraventions of the auditor independence requirements as set out in the *Corporations Act 2001* in relation to the audit; and
- ii. no contraventions of any applicable code of professional conduct in relation to the audit.
