

Fresh Aire Carpet Cleaners

Revitalise Your Home with Fresh Aire

Here at Fresh Aire, we provide carpet cleaning services to residential and commercial properties throughout the entire Perth area.

Our vast selection of services will completely refresh, protect and sanitise your property. We are able to competently restore your carpets to a near new appearance.

No matter how bad you think the condition of your carpets are, chances are that we can restore them and make them look their best once again.

Over our many years of experience, we have devised a range of techniques and cleaning services to take on almost any challenge with the greatest degree of efficiency and proficiency.

Our main aim to provide clients with an effective way to restore and freshen up homes that provides value-for-money.

We have a team of reliable carpet cleaners in Perth who will endeavour to get the job done on time and to an exceedingly high standard, whilst also causing as little disruption to your day as possible.

Deep and Effective Clean

Our deep clean process ensure we eliminate as much dirt, stains and allergens contained within carpets and upholstery as possible. Upon completion of a thorough clean, air quality will vastly improve as most of the contaminants that were once within these fibres will have been removed.

Regularly cleaning your carpets will not only improve the aesthetics and freshen an environment, it can also help extend the life of your carpet.

We can also apply various levels of protectors to help keep your carpets cleaner for that much longer.

Services we provide:

- Tile and grout cleaning & restoration
- HWE (steam) or Encapsulation (low moisture) cleaning
- Stain and soil protection
- Specialist wool technician
- Leather & upholstery cleaning
- Specialised stain removal & spot dyeing
- Odour control & allergy safe cleaning
- Natural fibre cleaning & Flotex cleaning

If you want your carpets restored to their best possible condition... call Fresh Aire!
