

COMPLIMENTARY SCREENING

Finbar through its Loyalty Club program provides for incentives and value added services for purchasers of their properties. This special offer applies to purchasers of Aurora, Sabina and Civic Heart as the start of a new program that will be also extended to other Finbar residents.

Perth Integrated Health, and the Brain and Cognitive Function Clinic, invite you to book in for a complimentary assessment using the latest in technology, the Huber 360 Evolution.

The Huber can be used to treat more than 90% of conventional disorders. Using it offers significant benefits when treating ankle, knee, hip, shoulder and back problems. The Huber can be used seated or standing and is suitable for people of all ages

Huber provides Neuro Physical Training, a unique training that engages both physical and cognitive skills, so it assists with neurological conditions, biomechanical condition's or sports medicine injuries.

Benefits can include:

- ✓ Improved core stability and posture
- ✓ Improved balance and coordination
- ✓ Improved Strength

Offer expires 15/4/2024
Codeword: FINBAR

Appointments Available
Monday's 1pm to 5.30pm
Wednesday's 9am - 6.30pm.

At the end of your assessment your clinician will go through the findings and if required, recommend course of therapy.

Contact us today to book your complimentary assessment using the codeword FINBAR
