

Lifestyle Furniture

At Lifestyle Furniture, we understand the importance of choosing the right piece of furniture for your home, the way it looks and feels is a decision that any of our staff can help guide you through.

Whether it be a whole living room concept that could incorporate a modular sofa, TV lowline unit, coffee table and lamp table, a bedroom suite or just some new barstools or dining chairs for a dining room we are happy to offer advice on choosing the right pieces.

Custom Made Furniture Perth

We specialise in custom made furniture that is manufactured right here in WA offering the highest quality of craftsmanship and cutting edge designs.

Our sofas can be made to any size in any fabric or leather from 2 seater sofas right up to custom made modular sofas or just an occasional chair for the bedroom.

We can change foams, arms, backs and legs to create ultimate relaxation couches.

At our showrooms you can find quality furniture made out of local hard wood timbers like Jarrah, Marri, and Tasmanian Oak and also have a huge variety of timber veneer finishes that can be custom made into dining tables, buffets, coffee tables, lamp tables, display bookcases.

Dining Tables can be custom designed with stainless steel legs and stone or granite tops with matching sideboards or hall tables.

Our interior decorator can put together a package to suit your home that includes not only furniture but also artwork, bed linen, cushions, lamps and other finishing off pieces that will add value and style to your home.
